A Genealogy of the Good and Critique of Hubris Phillip Dybic, 2023 In the first postmodern genealogical history of social work, this book identifies common practices of a particular era to inform the description of a cultural and philosophical framework that allows the reader to step inside the shoes of people from that era and understand the practices through their eyes. These insights are then utilized to promote moral reflection of current practices of social welfare and hopefully avoid moral lapses that may arise from our present biases of understanding.

Subject Guide to Books in Print, 2001 **Critical Reflections on Black History** William D. Wright, 2002-03-30 Wright presents this collection of six essays on aspects of black history. Each essay is based upon a critical historical methodology that is comprised of, among other things, a racial analysis, an intersectional analysis, rigorous logic, conceptual integrity, and a critical analysis of ideas, words, and

images Critical of the romantic approach to the subject Wright seeks to uncover a deeper analysis knowledge and truth regarding aspects of black history even when it involves the presentation of material and viewpoints that some might find objectionable He predicates these pieces on the idea that history is still a valuable subject firmly rejecting the postmodern view that it has lost its validity Wright demonstrates that black history is a vital and necessary subject not only for black people but for all Americans A critical black history is itself Wright contends a device to evaluate American history in a critical manner to get into the subject more deeply and to adduce deeper knowledge and truths about it These essays show the author s interest in strengthening that critical capacity of black historical writing and his belief that this is a primary and necessary means to maintain the viability and productivity of the academic discipline and to ward off its detractors

Learning Directory, 1972 **Praying with One Eye Open** Mary Ella Engel, 2019-07-15 In 1878 Elder Joseph Standing traveled into the Appalachian mountains of North Georgia seeking converts for the Church of Jesus Christ of Latter day Saints Sixteen months later he was dead murdered by a group of twelve men The church refused to bury the missionary in Georgia soil instead he was laid to rest in Salt Lake City beneath a monument that declared There is no law in Georgia for the Mormons Most accounts of this event have linked Standing s murder to the virulent nineteenth century anti Mormonism that also took the life of prophet Joseph Smith and to an enduring southern tradition of extralegal violence In these writings the stories of the men who took Standing s life are largely ignored and they are treated as significant only as vigilantes who escaped justice Historian Mary Ella Engel adopts a different approach arguing that the mob violence against Standing was a local event best understood at the local level Her examination of Standing s murder carefully situates it in the disquiet created by missionaries successes in the North Georgia community As Georgia converts typically abandoned the state for Mormon colonies in the West a disquiet situated within a wider narrative of post Reconstruction Mormon outmigration to colonies in the West In this rich context the murder reveals the complex social relationships that linked North Georgians families kin neighbors and coreligionists and illuminates how mob violence attempted to resolve the psychological dissonance and gender anxieties created by Mormon missionaries In laying bare the bonds linking Georgia converts to the mob Engel reveals Standing s murder as more than simply mountain lawlessness or religious persecution Rather the murder responds to the challenges posed by the separation of converts from their loved ones especially the separation of women and their dependents from heads of households **The History of Development** Gilbert Rist, 2014-07-10 In this classic text now in its fourth edition Gilbert Rist provides a complete and powerful overview of what the idea of development has meant throughout history He traces it from its origins in the Western view of history through the early stages of the world system the rise of US hegemony and the supposed triumph of third worldism through to new concerns about the environment and globalization In a new chapter on post development models and ecological dimensions written against a background of world crisis and ideological disarray Rist considers possible ways forward and brings the book completely up to date Throughout he

argues persuasively that development has been no more than a collective delusion which in reality has resulted only in widening market relations whatever the intentions of its advocates **Uplifting the Race** Kevin K. Gaines, 2012-12-01

Amidst the violent racism prevalent at the turn of the twentieth century African American cultural elites struggling to articulate a positive black identity developed a middle class ideology of racial uplift Insisting that they were truly representative of the race s potential black elites espoused an ethos of self help and service to the black masses and distinguished themselves from the black majority as agents of civilization hence the phrase uplifting the race A central assumption of racial uplift ideology was that African Americans material and moral progress would diminish white racism But Kevin Gaines argues that in its emphasis on class distinctions and patriarchal authority racial uplift ideology was tied to pejorative notions of racial pathology and thus was limited as a force against white prejudice Drawing on the work of W E B Du Bois Anna Julia Cooper Alice Dunbar Nelson Hubert H Harrison and others Gaines focuses on the intersections between race and gender in both racial uplift ideology and black nationalist thought showing that the meaning of uplift was intensely contested even among those who shared its aims Ultimately elite conceptions of the ideology retreated from more democratic visions of uplift as social advancement leaving a legacy that narrows our conceptions of rights citizenship and social justice
