A collection of brief informative technical tips that cover the entire range of building and maintaining street rods. Includes tips on every aspect of the mechanicals exterior and interior.

Lemon-Aid New Cars and Trucks 2010 Phil Edmonston, 2009-11-30 As U.S. and Canadian automakers and dealers face bankruptcy and/or unprecedented downsizing, Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for more than 35 years, pulls no punches. This compendium of everything that's new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins and confidential memos to help the consumer select what's safe, reliable and fuel frugal. Know all about profit margins, rebates and safety defects. And when things go wrong, fight back. Lemon Aid's complaint tactics, sample letters, Internet gripe sites and winning jurisprudence will get you attention and a refund.

How to Build Max Performance Ford V-8s on a Budget George Reid, 2001 This revved up volume addresses high performance engines such as the ones found in Mustangs and emphasizes a budget approach to building them. 300 photos.

Kiplinger's Personal Finance, 2009-03 The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics.

How to Rebuild and Modify Ford C4 and C6 Automatic Transmissions George Reid, 2012 In *How to Rebuild and Modify Ford C4 and C6 Automatic Transmissions* author George Reid walks readers through the process step by step from removing the transmission to complete overhaul to proper reinstallation and road testing.

Ford 429/460 Engines Charles Morris, 2019-03-21 Ford was unique in that it had two very different big block engine designs during the height of the muscle car era. The original FE engine design was pioneered in the late 1950s primarily as a more powerful replacement for the dated Y block design. What began as torquey engines meant to move heavyweight sedans morphed into screaming high performance mills that won Le Mans and drag racing championships.

throughout the 1960s By the late 1960s the FE design was dated so Ford replaced it with the 385 series also known as the Lima design in displacements of 429 and 460 ci which was similar to the canted valve Cleveland design being pioneered at the same time It didn't share the FE pedigree of racing success mostly due to timing but the new design was better in almost every way it exists via Ford Motorsports offerings to this day Beginning in 1971 the 429 found its way between the fenders of Mustangs and Torinos in high compression 4 barrel versions called the Cobra Jet and Super Cobra Jet and they were some of the most powerful passenger car engines Ford had ever built If the muscle car era had not died out shortly after the release of these powerful engines without a doubt the 429 performance variants would be ranked with the legendary big blocks of all time In this revised edition of How to Rebuild Big Block Ford Engines now titled Ford 429 460 Engines How to Rebuild Ford expert Charles Morris covers all the procedures processes and techniques for rebuilding your 385 Series big block Step by step text provides details for determining whether your engine actually needs a rebuild preparation and removal disassembly inspection cleaning machining and parts selection reassembly start up and tuning Also included is a chapter in building the special Boss 429 engines as well as a bonus chapter on the Ford 351 Cleveland Ford's little brother to the big block

How to Rebuild and Modify High-Performance Manual Transmissions Paul Cangialosi, 2010 How to Rebuild and Modify High Performance Manual Transmissions breaks down the disassembly inspection modification upgrade and rebuilding process into detailed yet easy to follow steps consistent with our other Workbench series books The latest techniques and insider tips are revealed so an enthusiast can quickly perform a tear down identify worn parts select the best components and successfully assemble a high performance transmission Transmission expert and designer Paul Cangialosi shares his proven rebuilding methods insight and 27 years of knowledge in the transmission industry He guides you through the rebuilding process for most major high performance transmissions including BorgWarner T10 and super T10 GM Muncie Ford Toploader and Tremec T5 This new edition also contains a complete step by step rebuild of the Chrysler A833 transmission
