Committee on Education and Labor,1940 **Handbook of European Criminal Procedure** Roberto E. Kostoris,2018-04-12 This volume analyses criminal procedural issues from a European perspective particularly in connection with EU law and ECHR law As such it differs from previous works which on the one hand generally focus only on EU law and on the other address both procedural and substantial aspects as a result of which the former receive inadequate attention Indeed criminal procedural matters in the European context have now reached a level of complexity but also of maturity that shows the features of a great design which even if not yet defined in all its aspects appears sufficiently articulated to deserve to be explained in a systematic way The book offers a guidance for practitioners academics and students alike It covers a broad range of topics from the complex system of the sources of law to the multilevel protection of fundamental rights from vertical and horizontal judicial and police cooperation to the instruments of mutual recognition primarily the European Arrest Warrant but also the European Investigation Order the execution of
