*Welcome* to a reading experience that's designed to let you and your baby embark on a magical journey of exploration, discovery and fun! Babies develop dramatically from one day to the next, so at the beginning of each book, we have included three unique ways to enrich the learning experience as you read, touch and interact with LITTLETOUCH™ books. These LITTLETOUCH settings provide you with options, so you can choose interactions that will keep your child engaged and continually stimulate development.

### Setting 1

Music & Soundscapes

**Sparkling musical rhythms and sounds**  
stimulate early brain development

Infants and newborns display a remarkably high receptivity to music. Research has shown that a baby's brain is fully capable of recognizing key, pitch and tempo. That's why Setting 1 provides baby with a way to explore a variety of stimulating sounds, rhythms and music.

### Setting 2

Word Play

**Short descriptive phrases**

introduce word-object association and build early language skills

Six to twelve months of age is the prime time for baby to begin to recognize words as parts of sentences. Baby begins to babble, and understand the meanings of words. That's why Setting 2 exposes baby to short phrases in the appropriate visual context.

### Setting 3

Laugh & Learn

**Fun-filled rhymes and early learning**

interactions develop preschool readiness

Twelve to twenty-four months of age is a period when word comprehension, word production, and grammar skills increase dramatically, and include abstract ideas like shapes, numbers and colors. That's why Setting 3 is filled with rhymes and early learning concepts that build preschool readiness.

**Deborah J. Karpuk**

## **Leapfrog Leappad Instruction Manual:**

**Technology for Inclusion Special Education, Rehabilitation, for All** Sumita Chakraborti Ghosh, Ph.D., 2017-11-15

This book exclusively differentiates the differences of assistive adaptive remedial and instruction technologies. In addition, it also explains how to avoid over-reliance and dependence through the principles of use and application of technology in an inclusive classroom. The text is organized in two parts. Part I consists of the historical and legal evolution of the use of technology for inclusive education for individual with exceptional needs. Part II describes the needs and characteristics of individual with exceptional needs from high incidence to low incidence population. **Augmented Reality Games II** Vladimir Geroimenko, 2019-05-23 This is the second of two comprehensive volumes that provide a thorough and multi-faceted research into the emerging field of augmented reality games and consider a wide range of its major issues. These first ever research monographs on augmented reality games have been written by a team of 70 leading researchers, practitioners and artists from 20 countries. Volume II explores the most important and challenging issues that have been raised by the use of the Augmented Reality approach and technology in the gamification of education, healthcare, medicine and art. The volume deals with a systematic analysis of educational augmented reality games, their use for health promotion in old age and for improving people's well-being, the gamification of augmented reality art and immersive reading experiences among other topics. **Augmented Reality Games II** is essential reading not only for researchers, practitioners, game developers and artists but also for students, graduates and undergraduates and all those interested in the rapidly developing area of augmented reality games.

**Early Years Education and Care in Canada** Susan Jagger, 2019-08-22 This ground-breaking collected volume features multiple voices from the field that together offer an extensive and balanced examination of the contemporary historical and philosophical influences that shape early childhood education and care in Canada today. Showcasing uniquely Canadian narratives, perspectives and histories, the text provides a superb foundation in the key topics and approaches of the field, including Indigenous ways of knowing, holistic education, play, the nature of childhood, developmental approaches and the impact of educational philosophers and theorists such as Rousseau and Dewey. The authors discuss current and reimagined themes such as children's rights, diversity and inclusion, multimodality, ecology and Indigenous education in the context of the Truth and Reconciliation Commission. Featuring chapters by academics from across Canada that explore the field's history and future as well as guiding questions to support reader engagement, **Early Years Education and Care in Canada** is a fundamental resource for students, academics, practitioners and policymakers in early childhood education and care.
