CONSIDER, CONSTRUCT, CONFIRM TIMOTHY. GOODWIN,2021 *Connected Learning* L. Lynn Thigpen,2020-04-21 How does the world s oral majority adults with limited formal education ALFE really prefer to learn Few pause long enough to ask those who eschew print The result of scholarly research and prolonged immersion in the Cambodian culture Connected Learning exposes the truth about orality the shame associated with limited formal education the unfortunate misnomer that is orality the place of spirituality grace and hope and the obvious but overlooked learning preferences ALFE have different ways of learning and knowing a different epistemology and culture from print learners even though we all begin alike The choice is not between Ong s orality or literacy but between learning from people or from print Dr Thigpen a veteran cross cultural worker shares remedies for the hegemony and inequities unwittingly fostered by the literate minority In a dominant culture where learning from people is prime how can educators with a preference for print adapt Providing an important tool in the Learning Quadrants diagram Connected Learning advises teaching to the quadrant and calls for seven necessary shifts in teaching Anyone versed in orality will admit these findings have global implications and applications Steffen The reader who heeds will positively impact a huge portion of humanity **Learning Without Limits** Susan Hart,Annabelle Dixon,Mary Jane Drummond,Donald McIntyre,2004-03-16 The style and language used by the authors make the book readable and therefore a book that practising teachers can actively use as a guide to improve their practice it is amply demonstrated that teaching can and should be an activity whose primary focus is to enhance students learning capacity and not limit it Journal of Inservice Education Why do some teachers insist on teaching without recourse to judgements about ability What are the key principles on which they draw as they organize and provide for learning What is the significance of their alternative approach for classrooms in the 21st century This book explores ways of teaching that are free from determinist beliefs about ability In a detailed critique of the practices of ability labelling and ability focussed teaching Learning without Limits examines the damage these practices can do to young people teachers and the curriculum Drawing on a research project at the University of Cambridge the book features nine vivid case studies from Year 1 to Year 11 that describe how teachers have developed alternative practices despite considerable pressure on them and on their schools and classrooms The authors analyze these case studies and identify the key concept of transformability as a distinguishing feature of these teachers approach They construct a model of pedagogy based on transformability the mind set that children s futures as learners are not pre determined and that teachers can help to strengthen and ultimately transform young people s capacity to learn through the choices they make The book shows how transformability based teaching can play a central role in constructing an alternative improvement agenda This book will inspire teachers student teachers lecturers and policy makers as well as everyone who has a stake in how contemporary education and practice affect children s future lives and life chances *Making Learning-Centered Teaching Work* Phyllis Blumberg,2023-07-03 This is a

substantially expanded and enhanced revision of Phyllis Blumberg s acclaimed and bestselling book Developing Learner Centered Teaching A Practical Guide for Faculty Jossey Bass 2009 This easy to follow how to guide provides faculty with both a thorough introduction to this evidence based approach to teaching and practical guidance on how to progressively implement it to strengthen the impact of their teaching It demonstrates how they can integrate learning centered teaching into their classroom practice without sacrificing content and rigor and how to positively engage students in the process by demonstrating its impact on their mastery and recall of key concepts and knowledge An added outcome given that learning centered teaching is correlated with improved student learning is the resulting assessment data that it provides faculty with the measures to meet the increased demands by accreditors legislators and society for evidence of improved teaching and learning outcomes Phyllis Blumberg demonstrates how to use rubrics to not only satisfy outside requirements and accreditation self studies but more importantly for faculty to use for the purposes of self improvement or their teaching portfolios She provides examples of how the rubrics can be used to ascertain whether college wide strategic plans for teaching excellence are being met for program review and to determine the effectiveness of faculty development efforts The book includes the following features Boxes with easy to implement and adaptable examples covering applications across disciplines and course types Worksheets that foster easy implementation of concepts Rubrics for self assessment and peer assessment of learning centered teaching Detailed directions on how to use the rubrics as a teaching assessment tool for individuals courses and programs List of examples of use classified by discipline and type of course Phyllis Blumberg offers Making Learning Centered Teaching Course Design Institutes and workshops on this and other teaching and assessment topics Half day to multiple day modules For more information or questions contact blumbergphyllis gmail com or IntegrateEd com   **The Design of Digital Learning Environments** Martha F.
