What do I want to learn?

Culturally Sensitive Care practice guideline.
 As a Nurse Practitioner working with a diverse population, I want to identify resources to support staff
 in providing culturally sensitive care. I will achieve this goal by October 30.

Need help creating a goal? Review the
 Developing SMART Learning Goals

Your learning goal must be based on
 your current practice setting and one of

How am I going to achieve my goal?

1. By January 15, I will review the *Culturally Sensitive Care* practice guideline.
2. By April 1, I will complete a literature review on this topic using the CINAHL database in the workplace library.
3. By June 1, I will contact pastoral services to request a fall presentation for staff to include information about providing culturally sensitive care and client cultures we commonly encounter in practice.
4. By August, I will collaborate with the rest of the team to create a resource binder about providing culturally sensitive care for staff using relevant resources from the literature review and the organization.
5. By October 30, I will reflect on and document my own culture, values, beliefs and biases, and consider how this may affect my approach to client care.
