

BBI2O Grade 10 Business – Final Exam

Business Exam Notes

1. *Economics*

Need vs. Wants

- Needs = necessary for survival , wants are not
- One set of wants can lead to the other
 - E.g. want to win the lottery, which makes it easier to satisfy other wants

Goods vs. Services

- Goods (e.g. Staples sells electronic goods)
- Services (e.g. food bank provides service to community)

Producer vs. Consumer

- Producers are the business that make goods or provide services
- Consumers are the people who buy the things/services that producers supply
 - E.g. buying a computer, servicing at computer-repairing shops
- Producers and consumers operate together to create a marketplace, which is any place where they engage in the buying and selling of goods/services

Demand and Supply

- **Demand** – the quantity of good/service that consumers are willing and able to buy at a particular price
 - Law of Demand
 - As price goes up, demand goes down. Vice versa.
 - Influences on demand
 - Expectations
 - Competition's price
 - Change in income
 - If demand is low, supply is high, prices go down
 - If demand is high, supply is low, prices go up
- **Supply** – the quantity of good/service that businesses are willing/able to provide within a range of prices that people would be willing to pay
 - Law of Supply
 - As price goes up, supply goes up. Vice versa.
