

A close-up, high-angle shot of the robot Ava from the movie Ex Machina. She has a human-like face with blue eyes and is looking down with a somber expression. Her neck and upper chest are visible, showing a complex, metallic, and mesh-like structure with glowing blue lights. The background is a blurred, modern interior with large windows.

Greek Theatre in the Fourth Century BC Eric Csapo, Hans Rupprecht Goette, J. Richard Green, Peter Wilson, 2014-06-18 Age old scholarly dogma holds that the death of serious theatre went hand in hand with the death of the city state and that the fourth century BC ushered in an era of theatrical mediocrity offering shallow entertainment to a depoliticised citizenry The traditional view of fourth century culture is encouraged and sustained by the absence of dramatic texts in anything more than fragments Until recently little attention

was paid to an enormous array of non literary evidence attesting not only the sustained vibrancy of theatrical culture but a huge expansion of theatre throughout and even beyond the Greek world Epigraphic historiographic iconographic and archaeological evidence indicates that the fourth century BC was an age of exponential growth in theatre It saw the construction of permanent stone theatres across and beyond the Mediterranean world the addition of theatrical events to existing festivals the creation of entirely new contexts for drama and vast investment both public and private in all areas of what was rapidly becoming a major industry This is the first book to explore all the evidence for fourth century ancient theatre its architecture drama dissemination staging reception politics social impact finance and memorialisation *The Conceptual Worlds of the Fourth Gospel* Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity **The Disruptive Fourth Industrial Revolution** Wesley Doorsamy, Babu Sena Paul, Tshilidzi Marwala, 2020-07-13 The book explores technological advances in the fourth industrial revolution 4IR which is based on a variety of technologies such as artificial intelligence Internet of Things machine learning big data additive printing cloud computing and virtual and augmented reality Critically analyzing the impacts and effects of these disruptive technologies on various areas including economics society business government labor law and environment the book also provides a broad overview of 4IR with a focus on technologies to allow readers to gain a deeper understanding of the recent advances and future trajectories It is intended for researchers practitioners policy makers and industry leaders

The Chorus of Drama in the Fourth Century BCE Lucy C. M. M. Jackson,2019-11-26 The Chorus of Drama in the Fourth Century BCE seeks to upend conventional thinking about the development of drama from the fifth to the fourth centuries and to provide a new way of talking and thinking about the choruses of drama after the deaths of Euripides and Sophocles Set in the context of a theatre industry extending far beyond the confines of the City Dionysia and the city of Athens the identity of choral performers and the significance of their contribution to the shape and meaning of drama in the later Classical period c 400 323 as a whole is an intriguing and under explored area of enquiry This volume draws together the fourth century historical material dramatic literary and philosophical sources that attest to the activity and quality of dramatic choruses and

having considered the positive evidence for dramatic choral activity provides a radical rethinking of two oft cited yet ill understood phenomena that have traditionally supported the idea that the chorus of drama declined in the fourth century the inscription of u s in papyri and manuscripts in place of fully written out choral odes and Aristotle s invocation of embolima Poetics 1456a25 32 It also explores the important role of influential fourth century authors such as Plato Demosthenes and Xenophon as well as artistic representations of choruses on fourth century monuments in shaping later scholars understanding of the dramatic chorus throughout the Classical period reaching conclusions that have significant implications for the broader story we wish to tell about Attic drama and its most enigmatic and fundamental element the chorus

Caron,2025-08-14 This book considers the core theoretical concepts central to understanding Artificial Intelligence AI and the Fourth Industrial Revolution providing a clear view of what machines can achieve and what sets them apart from humans Adopting a balance between an overly critical view fuelled by fear and an uncritical openness based upon the potential benefits the author argues human uniqueness isn't inherently threatened by these new technologies but this does not mean we should use them without restrictions or care Importantly he considers the ways human uniqueness will have to evolve as more of our current tasks become automated and the potential for great improvements in the human condition this might bring as we are forced to shift our attention towards the tasks only we can fully achieve This accessible thorough analysis offers anyone interested in the positive and negative implications of AI autonomous robots machine learning and other technologies of the Fourth Industrial Revolution to enjoy a broad accessible and theoretically sound overview of what the new technologies mean to us as humans **The Fourth Gospel in Research and Debate** Benjamin Wisner Bacon,1910

The Destiny of a King Georges Dumézil,1988-08-26 The preeminent scholar of comparative studies of Indo European society Georges Dumézil theorized that ancient and prehistoric Indo European culture and literature revolved around three major functions sovereignty force and fertility This work treats these functions as they are articulated through first king legends found in Indian Iranian and Celtic epics particularly the Mahabharata Dumézil drawing on an extraordinarily broad

range of Indo European sources from Scandinavia to India and offering an original and provocative analytic method set a new agenda for studies in comparative oral literature historical linguistics comparative mythology and history of religions The Destiny of a King examines one of the little epics within the Mahabharata the legend of King Yayati a distant ancestor of the Pandavas the heroes of the larger epic Dum zil compares Yayati s attributes and actions with those of the legendary Celtic king Eochaid Feidlech and also finds striking similarities in the stories surrounding the daughters of these two kings the Indian Madhavi and the Celtic Medb When he compares these two traditions with the first king legends from Iran he finds such common themes as the apportionment of the earth and the sin of the sovereign

Teaching in the Fourth Industrial Revolution Armand Doucet,Jelmer Evers,Elisa Guerra,Dr Nadia Lopez,Michael Soskil,Koen Timmers,2018-02-19 In this visionary book written by six internationally recognized Global Teacher Prize finalists the authors create a positive and hope filled template for the future of education They address the hard moral ethical and pedagogical questions facing education today so that progress can serve society rather than destroying it from within our classrooms This blueprint for education finally brings forward what has always been missing in education reform a strong collective narrative with authentic examples from teachers on the front line It is a holistic personalized approach to education that harnesses the disruptions of the Fourth Industrial Revolution to better shape the future for the next generation and ensure that every child can benefit from the ongoing transformations A great read for anyone who has an interest in educating our youth for these uncertain times highlighting why teachers will always matter
