Personal Names, Hitler, and the Holocaust I. M. Nick, 2019-05-13 Personal Names Hitler and the Holocaust A Socio Onomastic Study of Genocide and Nazi Germany provides readers with an increased understanding of and sensitivity to the many powerful ways in which personal names are used by both perpetrators and victims during wartime This book concentrates on one of the most terrifying and yet fascinating periods of modern history the Holocaust In particular it examines the different ways in which personal names were used by Nationalist Socialists to hunt and destroy the victims of their genocidal ideology Even before requiring Jewish residents to wear a yellow Star of David and have the letter J stamped on their passports Nazi leaders had decreed that all Jewish women and men must add the names Sarah and Israel to their documentation It did not take long for the perfidious logic behind this naming onomastic legislation to become frighteningly clear it made it that much easier to pinpoint Jewish residents for discrimination marginalization relocation deportation and ultimately extermination Through compelling first hand accounts from Holocaust survivors in depth interviews with descendants of Nazi war criminals and a plethora of chilling cases extracted directly from the meticulous records kept by the

National Socialists this work presents a harrowing historical account of the way personal names were used during the Third Reich to achieve Hitler's homicidal vision. Importantly the use of personal names and naming to target and annihilate victims is not a historical anomaly of World War II but a widespread sociolinguistic practice that has been demonstrated in many modern day acts of genocide. From Rwanda to Bosnia Berlin to Washington when governmental controls are abridged and ethical boundaries are crossed very quickly something as simple as a person's name can determine who lives and who dies.

Step by Step Cliff Keays, 2010 **The American Beauty Industry Encyclopedia** Julie Willett, 2010-05-11 This is the first encyclopedia to focus exclusively on the many aspects of the American beauty industry covering both its diverse origins and its global reach. The American Beauty Industry Encyclopedia is the first compilation to focus exclusively on this pervasive business covering both its diverse origins and global reach. More than 100 entries were chosen specifically to illuminate the most iconic aspects of the industry's past and present exploring the meaning of beauty practices and products often while making analytical use of categories such as gender, race, sexuality and stages of the lifecycle. Focusing primarily on the late 19th and 20th century American beauty industry an era of unprecedented expansion the encyclopedia covers ancient practices and the latest trends and provides a historical examination of institutions, entrepreneurs' styles and technological innovations. It covers for example the 1911 Triangle Shirtwaist Factory fire as well as how Asian women today are having muscle fiber removed from their calves to create a more Western look. Entries also explore how the industry reflects social movements and concerns that are inextricably bound to religion, feminism, the health and safety of consumers and workers, the treatment of animals and environmental sustainability. Empirical Research on Semiotics and Visual Rhetoric Danesi, Marcel, 2018-02-23 The study of symbols has long been considered a necessary field to unravel concealed meanings in symbols and images. These methods have since established themselves as staples in various fields of psychology, anthropology, computer science and cognitive science. Empirical Research on Semiotics and Visual Rhetoric is a critical academic publication that examines communication through images and symbols and the methods by which researchers and scientists analyze these images and symbols. Thought and Knowledge , They Do What? Javier A. Galván, 2014-06-19 This single volume work covers many traditions, customs and activities. Westerners may find unusual or shocking, covering everything from the Ashanti people's funeral celebrations to wife-carrying competitions in Finland. In Maharashtra, India, a tradition exists to throw newborn babies off the tops of buildings. At the Vegetarian Festival in Phuket, Thailand, some people ritualistically pierce their cheeks and faces with swords and knives. How did these surprising customs come to be? From camel wrestling to cheese rolling competitions to a tomato throwing festival, this fascinating single volume encyclopedia examines more than 100 customs, traditions and rituals that may be considered strange and exotic to U.S. readers. This work provides

high school and undergraduate students with a compelling and fascinating exploration of world customs and traditions. Comprising entries by anthropologists, religious leaders, scholars, dancers, musicians, historians, and artists from almost every continent in the world, this encyclopedia provides readers a truly global and multidisciplinary perspective. The entries explore the origins of the custom, explain how it was established as a tradition, and describe how and where it is practiced. A thematic guide enables readers to look up entries by the type of tradition or custom, such as birth, coming of age, courtship, and wedding; funeral; daily customs; holidays; and festivals.

Brick and Clay Record, 1925 *Crowning the Nice Girl* Christine R. Yano, 2006-06-30 After World War II Japanese Americans in Hawai'i sought to carve a positive niche of public citizenship in the community. In 1953 members of the Honolulu Japanese Junior Chamber of Commerce and their wives created a beauty contest, the Cherry Blossom Festival CBF Queen Pageant, which quickly became an annual spectacle for the growing urban population of Honolulu. *Crowning the Nice Girl* analyzes the pageant through its decades of development to the present within multiple frameworks of gender, class, and race/ethnicity. Drawing on extensive archival research, interviews with CBF queens, contestants, and organizers, and participant observation in the Fiftieth Annual Festival as a volunteer, Christine Yano paints a complex portrait of not only a beauty pageant but also a community. The study begins with the subject of beauty pageants in general and Asian American beauty pageants in particular, interrogating the issues they raise, embedding them within their histories, and examining them as part of a global culture that has taken its model from the Miss America contest. Yano follows the pageant throughout the decades into the 1990s, adding corresponding herstories, extensive narratives drawn from interviews with CBF queens. She concludes by framing issues of race, ethnicity, spectacle, and community within the intertwined themes of niceness and banality.
