Porter,2023-05-15 When her father dies Pollyanna an 11 year old girl is sent to live with her only living relative Aunt Polly Despite a challenging start Pollyanna s exuberance and positivity touches everyone she meets spreading joy and love wherever she goes But when tragedy strikes her optimism is put to the test and she must learn to find happiness again Published in 1913 Pollyanna is a universal classic that has enchanted generations of readers of all ages and languages It s a must read for anyone seeking a life devoid of bitterness and willing to discover the good in everything **Haunting Realities** Monika Elbert,Wendy Ryden,2017-06-20 An innovative collection of essays examining the sometimes paradoxical alignment of Realism and Naturalism with the Gothic in American literature to highlight their shared qualities Following the golden age of British Gothic in the late eighteenth century the American Gothic s pinnacle is often recognized as having taken place during the decades of American Romanticism However Haunting Realities explores the period of American Realism the end of the nineteenth century to discover evidence of fertile ground for another age of Gothic proliferation At first glance Naturalist Gothic seems to be a contradiction in terms While the Gothic is known for its sensational effects with its emphasis on horror and the supernatural the doctrines of late nineteenth century Naturalism attempted to move away from the aesthetics of sentimentality and stressed sobering mechanistic views of reality steeped in scientific thought and the determinism of market values and biology Nonetheless what binds Gothicism and Naturalism together is a vision of shared pessimism and the perception of a fearful lingering presence that ominously haunts an impending modernity Indeed it seems that in many Naturalist works reality is so horrific that it can only be depicted through Gothic tropes that prefigure the alienation and despair of modernism In recent years research on the Gothic has flourished yet there has been no extensive study of the links between the Gothic and Naturalism particularly those which stem from the

early American Realist tradition *Haunting Realities* is a timely volume that addresses this gap and is an important addition to scholarly work on both the Gothic and Naturalism in the American literary tradition The Publishers' Circular and Booksellers' Record ,1910 **Through the Looking-Glass and What Alice Found There (English edition - Full version)** Lewis Carroll,2023-05-15 Once Alice embarks on her next adventure nothing is quite what it seems Through a mirror she enters a fantastical world of illogical behavior dominated by chess boards and chess pieces and where time runs backwards The story follows the exploits of a spirited young girl who parries with the Red Queen Tweedledee and Tweedledum and other unusual characters she encounters The game of chess that Alice faces is a reflection of how society's rigid hierarchy works And in many ways this sequel has had an even greater impact on today's pop culture than the first book with its whimsical and thought provoking themes Athenaeum and Literary Chronicle ,1861 **The Strange Case of Dr. Jekyll and Mr. Hyde (English edition - Full version)** Robert Louis Stevenson,2023-05-15 First published in 1886 The Strange Case of Dr Jekyll and Mr Hyde is a gothic novella It tells the story of a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend Dr Henry Jekyll and the evil Mr Edward Hyde The book explores the inner demons every human has to face making this a classic tale of man versus self exploration Written in an engaging style that only Robert Louis Stevenson could create this book is a must read **Catalog of Copyright Entries** Library of Congress. Copyright Office,1960 **Queer Reading Practices and Sexology in Fin-de-Siècle Literature** Zsolt Bojti,2025-07-28 This book scrutinises the production and transnational distribution of sexological knowledge at the turn of the century The works of three transnationally mobile authors are in the focus The Picture of Dorian Gray 1890 1891 and Teleny 1893 by and attributed to Oscar Wilde The True Story of a Vampire 1894 by Count Stanislaus Eric Stenbock and Imre A Memorandum 1906 by Edward Prime Stevenson The textual analysis is governed by references in all four works to Hungarian culture to demonstrate how they conceptualised Hungarianness and same sex desire simultaneously in the light of the new classificatory science of sexualities coming from German speaking Central Europe By foregrounding a timely literary angle and a culturalist approach this book offers non Anglocentric insights not bound by either language or nationality to shed new light on the interdisciplinary reading practices of late Victorian subjects and the ways they contributed to the emergence of fin de siècle queer fiction **Scattered Memory Beads : English version** Ed Monosov,2021-05-21 This book is a collection of autobiographical stories that will forever remain in my memory These are stories about people dear to my heart who shaped my and other children's characters in difficult post war times *Report* Great Britain.
