Understanding Selfies Piotr Sorokowski,Katarzyna Pisanski,Agnieszka Sorokowska,Nicola Bruno,2018-04-27 In the year 2013 selfie was named word of the year by Oxford Dictionaries in recognition of dramatic changes in frequency prominence and register of the term This drastic increase in selfie taking was spurred by two factors The first was the advent of smartphones equipped with front cameras and preview screens that made it easy to compose a photographic self portrait by a process of deliberately exploring one s image choosing a pose and finally taking the picture The second key change contributing to the rise of the selfie age was the increasing availability of internet connections It is estimated that about 50% of the world population has access to the internet today 2018 <https://www.internetworldstats.com> At the end of the past

century this percentage was a mere 1% The growth of the internet infrastructure simultaneously spurred the development of social network applications such as Facebook Twitter Snapchat and Instagram providing accessible media for sharing photographs including photographic self portraits However despite their tremendous reach and popularity selfies have so far received relatively little attention by the scientific community especially within psychology Thus we proposed a Frontiers in Psychology Research Topic to expand empirical and theoretical work on the massively popular yet scientifically unexplored phenomenon of the selfie The articles published in this eBook offer a multifaceted insight into current scholarly work on this topic

Computational Approaches for Human-Human and Human-Robot Social Interactions Vittorio Murino,Cigdem Beyan,Gentiane Venture,Agnieszka Wykowska,2020-06-26 This eBook is a collection of articles from a Frontiers Research Topic Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series they are collections of at least ten articles all centered on a particular subject With their unique mix of varied contributions from Original Research to Review Articles Frontiers Research Topics unify the most influential researchers the latest key findings and historical advances in a hot research area Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office [frontiersin.org](mailto:frontiersin.org) about contact
