**Personalized Law** Omri Ben-Shahar,Ariel Porat,2021-05-17 We live in a world of one size fits all law People are different but the laws that govern them are uniform Personalized Law rules that vary person by person will change that Here is a

vision of a brave new world where each person is bound by their own personally tailored law Reasonable person standards would be replaced by a multitude of personalized commands each individual with their own reasonable you rule Skilled doctors would be held to higher standards of care the most vulnerable consumers and employees would receive stronger protections age restrictions for driving or for the consumption of alcohol would vary according the recklessness risk that each person poses and borrowers would be entitled to personalized loan disclosures tailored to their unique needs and delivered in a format fitting their mental capacity The data and algorithms to administer personalize law are at our doorstep and embryos of this regime are sprouting Should we welcome this transformation of the law Does personalized law harbor a utopic promise or would it produce alienation demoralization and discrimination This book is the first to explore personalized law offering a vision of law and robotics that delegates to machines those tasks humans are least able to perform well It inquires how personalized law can be designed to deliver precision and justice and what pitfalls the regime would have to prudently avoid In this book Omri Ben Shahr and Ariel Porat not only present this concept in a clear easily accessible way but they offer specific examples of how personalized law may be implemented across a variety of real life applications

Financial Literacy Education Asta Zokaityte, 2017-06-26 This book explores the issue of consumer financial education responding to increased interest in and calls to improve peoples financial literacy skills and abilities to understand and manage their money New conceptual frameworks introduced in the book offer academic audiences an innovative way of thinking about the project on financial literacy education Using the concepts of edu regulation and financial knowledge democratisation to analyse the financial education project in the UK the book exposes serious and often ignored limitations to using information and education as tools for consumer protection It challenges the mainstream representation of financial literacy education as a viable solution to consumer financial exclusion and poverty Instead it argues that the project on financial literacy education fails to acknowledge important dependences between consumer financial behaviour and the socio economic political and cultural context within which consumers live Finally it reveals how these international and national calls for ever greater financial education oversimplify and underestimate the complexity of consumer financial decision making in our modern times *Equity Smart Beta and Factor Investing for Practitioners* Khalid Ghayur, Ronan G.

**Advice That Sticks** Moira Somers,2018-02-28 The advice is sound the client seems eager and then nothing happens Too often this is the experience that financial professionals encounter in their daily work When good recommendations go unimplemented clients well being is compromised opportunities are lost and the professional relationship grows strained

Advice that Sticks takes aim at the problem of financial non adherence Written by a neuropsychologist and financial change expert this book examines the five main factors that determine whether a client will follow through with financial advice Individual client psychology plays a role in non adherence so too do sociocultural and environmental factors general advice characteristics and specific challenges pertaining to the emotionally loaded domain of money Perhaps most surprising however is the extent to which advice givers themselves can foil implementation A great deal of non adherence is due to preventable mistakes made by financial professionals and their teams The author integrates her extensive clinical and consulting experience with research findings from the fields of positive psychology behavioural economics neuroscience and medicine What emerges is a thoughtful funny but above all practical guide for anyone who makes a living providing financial advice It will become an indispensable handbook for people working with clients across the wealth spectrum
