

We wanted to pass one day away on motorbikes, studying the island. Our trip took a whole day and we managed to bike the half of the island riding along the coast. The views we saw on our journey showed us another side of local life. People were in a hurry going to work or attending other business. The traffic in Thailand is extremely busy and noisy. A lot of people ride motorbikes, which is a distinguishing feature of Thailand.

All the way long, we made breaks to taste the delicacies of the local cuisine in snack bars. I enjoyed Thai food immensely with its extraordinary combination of sweet, sour, and spicy flavors. Sometimes the dishes were so spicy, that tears streamed from my eyes.

We also decided to diversify a bit, and go to less touristic parts of the island. Our island was covered by steep hills. The picturesque view of the tropical jungles and endless spiers of the sea with many adjoining islands, and the beauty and splendor of local nature was opened to us. I was overfilled with the sense of infinite freedom and peace of mind. There was the impression that nothing is necessary in life except this place and moment.

It was a truly sad realization when we knew we had to travel back home. The whirlwind of emotions and feelings swept over my mind: this is completely another world, with its climate, people, food, traditions, and customs that charm and dip you in the extraordinary atmosphere of calmness and composure. I remember it now with freshness and understand that it was the best journey of my life.

#### Commentary:

The author gives us a window into the personal experience of being there. Along with this entire paragraph, this is a good description of the experience.

#### Commentary:

The author concludes the essay as succinctly as it began. The conclusion itself wraps things up nicely and we can fully understand why it was the best experience for this author.
