Information technology project managers' competencies: An analysis of performance and personal competencies Carl Marnewick,Wikus Erasmus,Nazeer Joseph,2016-12-31 The purpose of this book is to shed light on the performance and personal competencies of information technology IT project managers in South Africa Predictive models are built to determine what project managers consider the crucial competencies they should possess to deliver an IT project successfully This investigation takes place in the context of poor IT project success rates globally and

in particular in South Africa This novel research seeks to extend the debate on project success beyond what constitutes success or failure but seeks to find clarity in what IT project managers believe are the essential competencies in practice This quantitative research gathered data by way of an online survey based on literature regarding the Project Management Competency Development Framework PMCDF The population consisted of IT project managers in South Africa Four hundred and two respondents chose to share their insights Through the use of descriptive and multivariate statistics major competency factors were identified These factors were used in structural equation modelling to build various validated predictive models This book contributes to the current body of knowledge by uncovering the competencies that IT project managers consider themselves competent in The structural equation models indicated predictors of perceived competence by IT project managers and where these perceived competencies differ from literature Twelve managerial implications are highlighted in the final chapter that seek to draw the myriad threads together into a coherent summary It is apparent that IT project managers do not consider the PMCDF important in its entirety but instead choose to focus on certain competencies

Contemporary Research on Business and Management Siska Noviaristanti, 2020-09-15 This book contains selected papers presented at the 3rd International Seminar of Contemporary Research on Business and Management ISCRBM 2019 which was organized by the Alliance of Indonesian Master of Management Program APMMI and held in Jakarta Indonesia on 27-29th November 2019. It was hosted by the Master of Management Program Indonesia University and co-hosts Airlangga University, Sriwijaya University, Trunojoyo University of Madura, and Telkom University and supported by Telkom Indonesia and Triputra. The seminar aimed to provide a forum for leading scholars, academics, researchers, and practitioners in business and management areas to reflect on current issues, challenges, and opportunities and to share the latest innovative research and best practice. This seminar brought together participants to exchange ideas on the future development of management disciplines: human resources, marketing, operations, finance, strategic management, and entrepreneurship.

Service Analytics and Management Jitesh J. Thakkar, 2025-08-04 This book intends to cover key issues on service strategy, planning, design, and delivery. The book is divided into six parts. The first part provides an introduction to the context of services and discusses the issues and complexities involved in managing services. The second part deals with the design of services. This includes issues specific to service capacity management, service project management, and service supply chain management. The third part will help the readers to understand various issues in service resource planning. Typically, this includes Demand Forecasting, Aggregate Planning, Service Scheduling, Service Inventory Management. Subsequently, part four covers the issues specific to service improvement. This will include service quality and six Sigma service productivity and performance and managing people in service organizations. Part five deals with IT and Analytics in service management. This section deliberates upon IT and service management and various analytical models useful in managing services. Finally, part six includes five cases in detail for extensive and critical class discussion.
