of this city with mouths buried in it Mouths capable of speaking to us But we stop them up with concrete and build over them and whatever it is they wanted to say gets whispered down empty alleys and turns into wind These are among the last words of Professor David Hollis before he throws himself off a ferry into the frigid waters of Lake Ontario A renowned professor of forensic geology David leaves in his wake both a historical mystery and an academic scandal He postulated that on the site where a sports arena is about to be built lie the ruins of a Victorian boat containing an extraordinary treasure a strongbox full of hundreds of never seen photographs of early Toronto a priceless record of a lost city His colleagues however are convinced that he faked his research materials Determined to vindicate him his widow Marianne sets up camp in a hotel overlooking the construction site watching and waiting for the boat to be unearthed The only person to share her vigil is John Lewis fianc to her daughter Bridget An orphan who had come to love David as his own father John finds himself caught in a struggle between mother and daughter all the while keeping a dark secret from both women Interwoven into the contemporary story is another narrative set in 1850s the tale of Jem Hallam a young apothecary struggling to make a living

in the harsh new city so he can bring his wife and daughters from England Crushed by ruthless competitors he develops an unlikely friendship with two other down on their luck Torontonians Samuel Ennis a brilliant but dissolute Irishman and Claudia Rowe a destitute widow Together they establish a photography business and set out to create images of a fledgling city where wooden sidewalks are put together with penny nails where Indians spear salmon at the river mouth and the occasional bear ambles down King Street where department stores display international wares and fine mansions sit cheek by jowl with shantytowns Consolation moves back and forth between David Hollis s legacy and Jem Hallam s struggle to survive ultimately revealing a mysterious connection between the two narratives Exquisitely crafted and masterfully written Michael Redhill s superlative book reveals how history is often transformed into a species of fantasy and how time alters the contours of even the things we hold most certain As complex and layered as the city whose story it tells Consolation evokes the mysteries of love and memory and what suffering the absence of the beloved truly means

Fidelity Michael Redhill, 2010-05-07 From acclaimed poet and Giller Prize winning novelist Michael Redhill comes Fidelity a subtle but searing collection of short fiction By turns brooding strange and funny Fidelity probes the blandishments of temptation the swooning submission to concupiscence the illusory redemption of desire the ambivalence at the heart of the most intimate trust and most importantly the irony that when we betray we betray ourselves first His characters are not monsters or really even sinners Their vulnerabilities are our own a business trip affair leaves a man changed in ways he cannot anticipate a young girl s sexuality inflicts unexpected wounds on her family the young amanuensis of a 156 year old Civil War veteran tries to defend his hero from accusations of desertion a father of four pressured by his wife to undergo a vasectomy gradually learns that he is capable of infidelity when he contemplates the intolerable loss of his

virility Spell binding and crackling with an unflinching attention to emotional detail Fidelity looks boldly at the transgressions of desire that seduce and sometimes break body and soul **Kaldet** Inger Ash Wolfe,2013-04-17 En morder dr ber jensynligt uheldbredeligt syge mennesker Men ikke af medlidenhed **The British National Bibliography** Arthur James Wells,2009 **Martin Sloane** Michael Redhill,2009-02-28 The story of a relationship across two decades of Jolene s search for Martin Sloane when one day he disappears from their home without warning or explanation is told in a novel that brilliantly and movingly explores the vagaries of love and friendship the burdens of personal history and the enigmatic power of art Martin Sloane Michael Redhill,2001-10-30 In 1984 Jolene Iolas a student in upstate New York encounters Martin Sloane s art while visiting a Toronto gallery Flush with the confidence of youth she strikes up a correspondence with the older artist and eventually the two become lovers Introduced to a constancy of love she has never known Jolene relaxes into the rituals of being someone s other half She learns Martin s story and cherishes it as her own He becomes a fixture in her life a star in her sky And then he vanishes There is no hint of his fate no chain of cause to be followed Over a long fall the shock slowly hardening into fact Jolene sheds her life losing everything including her oldest friend Molly to inexpressible grief Ten years pass Jolene slowly learns to stop trying to make sense of it all But before she can fully return to life the opportunity to confront a ghost arises Word has come from Molly of all people that someone named Sloane has been exhibiting artworks identical to Martin s in Irish galleries Jolene travels to Dublin where she reluctantly reconnects with Molly and together they find themselves lost in a jumble of pasts as they try to piece together what happened to Martin Sloane An exquisitely crafted novel Martin Sloane is about the mysteries of love and art the weight of history and what it means to bear memory for the missing and the dead *The Trial of Katterfelto* Michael Redhill,2025-09-02 I will grant here at the outset that the Doctor was not who he seemed but this shall turn out to be of little import in the tale to come He is as am I but a charge in a wire We were conductors for another force vassals to a vessel This vessel I cannot speak of for some pages however central it will become but I gallop ahead of myself I believe it is important that you see how I came to meet the good Doctor and for you to meet us for who we were Perhaps you will marvel as have I at how chance encounters can be charged with the power to alter the course of one s life or even history In the late eighteenth century the conjurer and amateur scientist Gustavus Katterfelto has made a name for himself travelling across the English countryside with a bag of tricks For audiences his astonishing stunts are pure magic For Katterfelto each one is carefully engineered and executed with the help of his colleague confidante and amanuensis and our narrator Roger Gossage Yet one day in their travels the two men come across a mystifying object beyond their ken a metal horn that emits a disembodied woman s voice She calls herself Siri of Toronto and claims to speak from a place plagued by climate catastrophe and social unrest As they begin to use the horn in their magic shows Gossage and Katterfelto must work to understand the origin and intent of Siri s call a quest that will put them up against the limits of reason and test Roger s allegiance to the man he calls his friend Endlessly inventive

richly imagined and entirely its own The Trial of Katterfelto is a consciousness expanding novel that writes directly into the most urgent questions we face as a species who we are what we have done and what we might do from here [Book Review Index - 2009 Cumulation](#) Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year
