Using three-dimensional sketches and colour photographs of actual projects, the author illustrates the options for fitting in a staircase and indicates how to estimate the headroom that will be available. Considers the requirements of the local authority planners and building control officers and provides tips on how to make applications and approvals run smoothly. Presents highly detailed drawings and photographs showing the conversion process. Provides advice on how to avoid cowboy builders and track down the ideal company, how to draw up a fair contract and how to deal with the legal issues that may arise. Supplies checklists and specifications to help monitor progress and ensure that the work is completed to a good standard.
