

Lesson 25

Use Consonants and Vowels to Decode Words

From
SE 1545

1545
1545
1545
1545
1545

Students will understand the relationship between the sounds of words and the letters that represent those sounds. They will be able to identify the sounds of words and the letters that represent those sounds. They will be able to use this knowledge to decode words and to understand the relationship between the sounds of words and the letters that represent those sounds.

Sight Words

Some words you know on sight. You see them so frequently, or often, you just know them. When you read them, you do not have to decode them.

the	it	you	we	not
but	get	much	any	dog

Decoding Words

Other words you do not know on sight. When you read them, you decide to decode them. To decode a word:

- link the sounds to the letters
- say the word aloud

You may find you know the word when you hear it.

Consonants

Consonants are the letters b, c, d, f, g, h, j, k, l, m, n, p, q, r, s, t, v, w, x, and y. Sometimes y also tells us a consonant. Most of the letters of the alphabet are consonants.

Each consonant has its own sound. The sound is the same no matter where the letter appears in the word.

Measuring Up Express Grade 8 Answer Key

M Planty

Measuring Up Express Grade 8 Answer Key:

Delve into the emotional tapestry woven by Crafted by in **Measuring Up Express Grade 8 Answer Key** . This ebook, available for download in a PDF format (*), is more than just words on a page; it's a journey of connection and profound emotion. Immerse yourself in narratives that tug at your heartstrings. Download now to experience the pulse of each page and let your emotions run wild.
