Against the Odds:

Harry S. Truman and the Election of 1948

*Center the title.*

"Thomas E. Dewey's Election as President Is a Foregone Conclusion," read a headline in the *New York Times* during the presidential election race between incumbent Democrat Harry S. Truman and his Republican challenger, Thomas E. Dewey. Earlier, *Life* magazine had put Dewey on its cover with the caption "The Next President of the United States" (qtd. in "1948 Truman-Dewey Election"). In a *Newsweek* survey of fifty prominent political writers, each one predicted Truman's defeat, and *Time* correspondents declared that Dewey would carry 39 of the 48 states (Donaldson 210). Nearly every major media outlet across the United States endorsed Dewey and lambasted Truman. As historian Robert H. Ferrell observes, even Truman's wife, Bess, thought he would be beaten (270).

*Double-space throughout.*

The results of an election are not so easily predicted. Not only did Truman win the election, but he won by a significant margin, with 303 electoral votes and 24,179,259 popular votes, compared to Dewey's 189 electoral votes and 21,991,291 popular votes (Donaldson 204-7). In fact, many historians and political analysts argue that Truman would have won by an even greater margin had third-party Progressive candidate Henry A. Wallace not split the Democratic vote in New York State and Dixiecrat Strom Thurmond not won four states in the South (McCullough 711). Although

### **Example Of A Paper Written In Apa Format:**

The International Student's Guide to Writing a Research Paper Janine Carlock, Maeve Eberhardt, Jaime Horst, Peter Kolenich, 2017-06-13 The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer's Handbook Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task Special features This guide uses simple direct language for those for whom writing a research paper is new Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft A subsection dedicated to constructing clear and cohesive paragraphs and sentences The guide includes citation and style examples in MLA 8th edition

**Research Paper Writing Guide for Criminal Justice and Forensic Investigation Scholars** Michael Kane, 2015-06-10 This book contains the necessary information for college students to write successful research papers Most research textbooks stop short at describing the step by step process of building and presenting research papers This book does not The textbook's design walks students through the logical process of building research papers and presenting research findings both orally and in writing Topics include APA Writing Guide and Paper Requirements The Purpose Statement Citing in APA Style What is a Scholarly Journal The Literature Review Critical Thinking Analysis Synthesis and Evaluation The Oral Presentation Completing the Paper The textbook serves as a primary textbook for courses involving research methods and paper writing or serves as an effective supplement to courses with major research paper components The textbook contains several practical exercises and helpful tables as well

*An EasyGuide to APA Style* Beth M. Schwartz, R. Eric Landrum, Regan A. R. Gurung, 2020-08-26 Winner of the 2022 Textbook Excellence Award from the Textbook Academic Authors Association TAA This clear and concise book demystifies the process of writing in APA style and format Fully updated with content from the Seventh Edition of the Publication Manual of the American Psychological Association An EasyGuide to APA Style Fourth Edition identifies common APA style and formatting mistakes how to avoid them and helps students become better writers and communicators of psychological science Written in a conversational style to make the task of learning how to write more enjoyable this guide helps students navigate the maze of rules in the APA Publication Manual and become proficient in learning the fine points of APA style Providing detailed examples and complete sample student papers that conform to APA format the authors illustrate not only how to write using APA style but also what writing in APA style really looks like when papers are complete

Handbook for Social Work Writing Susan E.

Mason, Wendy Zeitlin, 2024-03-28 This concise accessible and engaging handbook offers a companion for social work students to acquire professional and competency based writing skills Written by experienced educators the book builds writing proficiency by introducing a social work based guide to academic writing and professional communication Each chapter addresses a specific area of social work writing and development progressing from coursework and beginning fieldwork to practice based assessments and reports The authors integrate a series of scaffolded activities throughout for readers to cultivate awareness and further technique and with sections explaining contemporary communication methods and common writing challenges readers will be prepared to use technology both to strengthen their writing and to ease the overall process Excellent for use in courses across the social work curriculum and as a personal guide the Handbook for Social Work Writing provides students with on the spot guidance for any type of academic or professional writing assignment A Short Guide to Writing about Psychology Dana S. Dunn, 2024-03-25 Tailored for all levels this updated classic equips psychology students with the tools needed to clearly articulate complex ideas navigate the nuances of APA style and succeed in academic and professional endeavors Whether drafting a first research paper or preparing for publication this guide is an indispensable companion on the journey to mastering psychological communication New to the fourth edition Integration of APA 7th edition style updates Expanded reference materials including the latest in citation practices for websites and other online resources Enhanced advice on using gender neutral language and writing inclusively about sexual orientation Annotated student paper examples following the updated APA format New exercises at the end of chapters to refine and test writing skills Updated list of psychology journals Rules for Writers with Writing about Literature (Tabbed Version) Diana Hacker, Nancy Sommers, 2012-01-16 When it comes to value Rules rules Rules for Writers is a college writer s companion that covers writing grammar research and documentation in an extremely affordable and portable spiral bound format From the best selling family of handbooks Rules has consistently been the best value for college writers Now it s even more so The Seventh Edition actually teaches students how to make better use of their handbook With new material about how to integrate the handbook into lessons and class activities Rules for Writers is an even more useful tool for instructors We like Rules because it s affordable easy to use and flexible enough for multiple courses Anne Helms Alamance Community College Effective Writing in Psychology Bernard C. Beins, Agatha M. Beins, 2020-12-10 Master the art of APA style writing with this newly updated and accessible resource The newly and thoroughly revised Third Edition of Effective Writing in Psychology Papers Posters and Presentations offers compelling and comprehensive guidance to readers who want to create powerful and persuasive prose in a rigorous scientific and APA compliant framework Distinguished academics and authors Bernard and Agatha Beins walk readers through the foundational and advanced topics they must grasp to generate convincing and credible APA style writing The book combines an accessible and approachable guide to effective writing with the most current best practices from the 7th edition of the American Psychological Association s publication manual New writers and

experienced authors alike will benefit from *Effective Writing in Psychology*'s descriptions of the most frequently used and important aspects of APA style writing. The authors minimize their use of technical jargon and include explanations of how to create effective posters, deliver high quality oral presentations and publish electronically. The book also includes an up to date presentation of ethical inclusive writing and proper use of modern pronouns. Step by step guidance on the use of APA formatting in scholarly papers. Explanations of how to create effective posters for poster sessions. Descriptions of how to organize convincing and credible oral presentations that leave listeners and conference attendees impressed and edified. The basics of creating and formatting electronic documents for publication on the web. *Effective Writing in Psychology: Papers, Posters, and Presentations* is an invaluable resource for psychology and social and behavioral science students at any level. It also belongs on the bookshelves of practicing psychology professionals, researchers, and academics who would like to brush up on their technical writing abilities.

**Social Sciences Research** Gail M. Staines, 2019-03-04. This is a complete revision with new material of the second edition of *Social Sciences Research: Research Writing and Presentation Strategies for Students*. Scarecrow Press, 2008. There have been significant changes in the research process in the social sciences since the second edition of this text was published in 2008, a decade ago. The plethora of new information technologies, e.g., smart phones, tablets, apps, etc., the information overload, not only on the Internet where anyone can publish but also with the explosion of social media, e.g., Twitter, Facebook, Instagram, etc., as well as the far reaching changes in databases and other sources of electronic information that is available. Complementing the manual are appendixes consisting of a list of possible research questions, an example paper, a complete set of worksheets, and blank citation forms to be used to record references which provide further practice for students. In this third edition, the author has included more instruction on searches using electronic sources as well as new formatting guidelines that have been promulgated in the past several years. The ideal resource for college students, this manual addresses the finer points of research and writing that are not given enough instruction in the classroom.

**Application of Nursing Informatics** Carolyn Sipes, 2019-02-05. Designed to provide a foundation for nursing informatics knowledge and skills required in today's data driven healthcare environment, this text examines the impact and implementation of technology in nursing practice. Patient healthcare needs have only become more complex in a rapidly aging and diversifying population. Nurse informaticists, as experts in improving healthcare delivery through data and technology, play a key role in ensuring quality and safety to patients. This text relies on nurses' practical experience to foster higher level critical thinking and decision making for professional development in informatics and lifelong learning. *Application of Informatics and Technology in Nursing Practice* addresses the foundations of Nursing Informatics competencies streamlined for the unique experience of practicing nurses. Organized around the framework of AACN Essentials of Baccalaureate Education, ANA Scope and Standards of Practice for Nursing Informatics, Institute of Medicine (IOM) Competencies, and Quality and Safety Education for Nurses (QSEN) knowledge, skills, and attitudes (KSAs), this

text features numerous case scenarios of real life applications to engage the reader and reinforce content Chapters cover informatics competencies knowledge and skills in a concise manner that recognizes the value of prior nursing experience and builds upon the reader s existing knowledge base Key Features Provides information needed for all nurses in order to advance professionally in the new discipline and specialty of Nursing Informatics Each chapter contains relevant critical thinking exercises vignettes and case studies Provides information and skills needed by nurses specific to a variety of healthcare settings Each chapter contains end of Chapter Learning Assessments What Do You Know Now Instructor Ancillary Package is included

*Research Methods in Psychology* Paul G. Nestor, Russell K. Schutt, 2014-03-12 The Second Edition of Paul G Nestor and Russell K Schutt s successful and unique *Research Methods in Psychology Investigating Human Behavior* draws from substantive research stories to illustrate how research is presented while systematically unifying the entire research process within a conceptual framework This accessible text examines engaging research studies and examples considering research ethics throughout This is a great text that emphasizes the important concepts within research methods The resources are excellent they incorporate up to date research and technology and introduce the student to empirical articles and the information is presented in a way that challenges the student to apply the material Maria Pacella Kent State University The text is comprehensive It covers a wide variety of information without being overwhelming This is a very good textbook for an introductory course in research methods I like that its focus is on psychological research specifically Angela M Heads Prairie View A M University
