---

In Ralph Rigman's book *The Whisper of Names*, he writes about his experiences growing up in the rural south of the country and how he envisions it possible to recreate the past wealth. His key points in this narrative and political story were that policy changes have resulted in the decline of southern wealth, and that continued machination would result in the downfall of the human race. He argues that by implementing more protectionist policies, agricultural and industrial jobs would return to the country and enable the rebuilding of poverty-stricken communities. Despite his arguments that policy changes have contributed most to the decline of the south, I believe that his lack of recognition of contribution of social factors makes this book highly unbelievable.

In *The Whisper of Names*, Rigman suggests that policy changes favoring imported goods have devastated the economy of the south. However, he fails to mention that much of the wealth of the south had been held in land-owning prosperous families who had benefited from the slave trade and subsequent cotton and tobacco industries. Throughout the early 20th century, these families continued to prosper under sharecropping laws. The civil rights movement finally brought to light the injustices of racial inequality as well as the violation of human rights that resulted in cheap labor that drove the southern economy. Of course, Mr. Rigman does not mention any of these factors in his book.

By focusing only on legal changes that support his argument, Mr. Rigman ends up weakening his overall statement. To be sure, the increase in imported goods increases competition and forces businesses to lower prices and/or increase innovation to gain customers. However, this is not necessarily a bad thing, and machination has increased worker safety and product consistency. *The Whisper of Names* is a powerful narrative of one man's observations of the dwindling wealth of the south, but it may not be a result of the movements that he cites.

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
