Enlightenment human reason formerly tethered by the constraints of organized religion has been set free to explore the universe relatively unchallenged. The influence of the Bible on the other hand weakened due to the successes of modern historical criticism is found to be inadequate for the task of enabling the faith once for all delivered to the saints. **Encountering the Book of Hebrews (Encountering Biblical Studies)** Donald A. Hagner, 2002-08-01 Although the Book of Hebrews is not exactly what most of us would regard as a user friendly book, notes Donald Hagner, Hebrews has always been popular among Christians. Encountering the Book of Hebrews was written to help students more fully appreciate the complexities of this favorite section of Scripture. Hagner begins by exploring introductory issues, e.g. historical backgrounds, author, audience, date, purpose, structure, genre, and overarching themes, e.g. heavenly archetypes and earthly copies, the use of the Old Testament, the attitude toward Judaism. The heart of the book then offers a chapter by chapter exposition of Hebrews. Unlike commentaries, it does not try to be exhaustive, examining all details and answering all questions, but instead guides students to the issues that are most important for their study of this difficult book. Hagner concludes with a final look at the contribution of Hebrews to the New Testament, New Testament theology, the church, and the individual Christian. As with other volumes in the Encountering Biblical Studies series, Encountering the Book of Hebrews is designed for classroom use and includes a number of helpful features, including further reading sections, key terms, chapter objectives, and outlines, along with numerous sidebars and illustrations.
