**Ceylon Sessional Papers** Ceylon. Pārlīamēntuva,1974      *Sessional Paper* Ceylon. Pārlimēntuva,1973      The Practice of English as a Medium of Instruction (EMI) Around the World Carol Griffiths,2023-08-08 This edited volume presents eleven empirical papers reporting the existing literature and the results of an original study focusing on EMI English as a medium of instruction in a particular area Central and Eastern Europe Western and Southern Europe Nordic Baltic countries Central Asia the Middle East East Asia South East Asia North Africa Sub Saharan Africa South Asia and Latin America Each of these different areas tends to have its own ways of dealing with the EMI issue and these are brought together in a meta analysis in the final chapter Implications for the conduct of English as a medium of instruction are drawn both on a chapter by chapter basis and also in the meta analysis The examination of EMI on a contextual basis is a unique feature of this book setting it apart from others in the field which almost all deal with a single or limited context The volume will be of interest to policymakers institutional heads graduate students and their teachers and to thesis writers and researchers      **Handbook of Literacy in Akshara Orthography** R. Malatesha Joshi,Catherine McBride,2019-06-11 This volume examines the unique characteristics of akshara orthography and how they may affect literacy development and problems along with the implications for assessment and instruction Even though akshara orthography is used by more than a billion people there is an urgent need for a systematic attempt to bring the features research findings and future directions of akshara together in a coherent volume We hope that this volume will bridge that gap Akshara is used in several Indic languages each calling it by a slightly different name for example aksharamu in Telugu akshara in Kannada and akshar in Hindi It is the Bhrami derived orthography used across much of the Indian subcontinent There is a growing body of research on the psycholinguistic underpinnings of learning to read akshara and the emerging perspective is that akshara even though classified as alphasyllabaries abugida and semi syllabic writing systems is neither alphabetic nor syllabic Rather akshara orthography is unique and deserves to be a separate classification and needs further investigation relating to literacy acquisition in akshara The chapters in this volume written by leading authors in the field will inform the reader of the current research on akshara in a coherent and systematic way      **Resources in Education** ,1997-04      **Computational Linguistics and Intelligent Text Processing** Alexander Gelbukh,2012-02-24 This two volume set consisting of LNCS 7181 and LNCS 7182 constitutes the thoroughly refereed proceedings of the 13th International Conference on Computer Linguistics and Intelligent Processing held in New Delhi India in March 2012 The total of 92 full papers were carefully reviewed and selected for inclusion in the proceedings The contents have been ordered according to the following topical sections NLP system architecture lexical resources morphology and syntax word sense disambiguation and named entity recognition semantics and discourse sentiment analysis opinion mining and emotions natural language generation machine translation and multilingualism text categorization and clustering information extraction and text mining information retrieval and question answering document
