On the following pages you'll find:

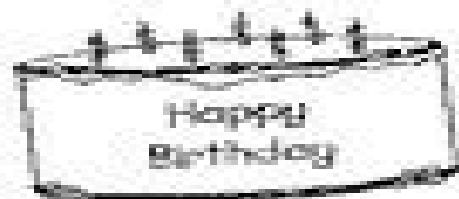

- ★ 36 reproducible stationery pages featuring 25 different shapes that are designed to be simple enough for students to cut out without help.
- ★ Perforated pages to make using the stationery easy—just pull out and photocopy.
- ★ Pages with and without lines to fit the needs of every child in your classroom.

Using the Stationery

You and your students are sure to find hundreds of creative ways to use *Great Shapes Stationery* in your classroom. Here are a few ideas to get you started.

Sensational Shape Books

Showcase students' writing in books of all shapes! Have students select a stationery design that fits their story—the Giant Pumpkin (page 9) for a Halloween story for example—and then create a shape book by cutting out and stapling the stationery pages together. You can also make a shape book as a class, with each student contributing one page.

Create Cards for All Occasions

Invite children to use the stationery to create greeting cards. They can make personalized birthday cards with the Birthday Cake stationery (page 23) by cutting out the appropriate number of candles and gluing them to the cake. The Valentine Heart (page 18) is, of course, perfect for a Valentine's Day card and the Super Showman (page 17) is just right for a jolly holiday card.
