Hiroshima (SparkNotes Literature Guide) SparkNotes,2014-08-12 Hiroshima SparkNotes Literature Guide by John R Hersey Making the reading experience fun Created by Harvard students for students everywhere SparkNotes is a new breed of study guide smarter better faster Geared to what today s students need to know SparkNotes provides chapter by chapter analysis explanations of key themes motifs and symbols a review quiz and essay topics Lively and accessible these guides are perfect for late night studying and writing papers *Hiroshima and the Historians* Kenneth B. Pyle,2024-06-06 The decision to use atomic bombs on Hiroshima and Nagasaki has been considered the most important and perhaps most controversial event in twentieth century history It ushered in many of the major developments of our time the end of World War II the beginning of the atomic age the establishment of the American world order and the start of the Cold War arms race Kenneth B Pyle illuminates both the complexities of the event itself and the debates among historians that continue today as they wrestle with the moral issues of the decision its necessity and its alternatives While producing no final resolution to the controversy historians have nevertheless advanced and deepened our understanding of this event This accessible and thought provoking analysis is a case study in the intricate nature of the historian s craft and a reminder of the value of historians in a free society Resources in Education ,1995 **Handbook of Research on Narrative Interactions** Yilmaz, Recep,2021-01-29 Our understanding of the concept of narrative has undergone a significant transformation over time particularly today as new communication technologies are developed and popularized As new narrative genres are born and old ones undergo great change by the minute a thorough understanding can shed light on which storytelling elements work best in what format That deep understanding can then help build strong satisfying stories The Handbook of Research on Narrative Interactions is an essential publication that examines the relationships between types of narratives in a shifting and widening scope of storytelling forms While highlighting a wide range of topics including contemporary culture advertising and transmedia storytelling this book is ideally designed for media professionals content creators advertisers entrepreneurs researchers academicians and students CAS. Curriculum Advisory Service Quarterly ,1973 **CAS** Curriculum Advisory Service, Inc,1974 **Our Brain and the News** Isabel Nery,2024-02-21 This book explores the impact of news and literary journalism on human cognition and emotion Providing an innovative analysis of psycho physiological measures including emotional response perception of pain and changes in heartbeat Nery seeks to understand how readers react to journalistic texts There is a growing enthusiasm in the search for understanding the processing of information with some already arguing for the establishment of the neuroscience of communication as a new discipline By combing neuroscience methods with communication research studies specifically journalistic research and theory Nery offers us a unique way of exploring and thinking about news literary journalism and the brain **Writing War in the Twentieth Century** Margot Norris,2000 The twentieth century will be remembered for great innovation in two particular areas art and

culture and technological advancement Much of its prodigious technical inventiveness however was pressed into service in the conduct of warfare Why asks Margot Norris did violence and suffering on such an immense scale fail to arouse artistic and cultural expressions powerful enough to prevent the recurrence of these horrors Why was art not more successful through its use of dramatic emotionally charged material its ability to stir imagination and arouse empathy and outrage in producing an alternative to the military logic that legitimates war Military argument in the twentieth century has been fortified by the authority of the rationalism that we attribute to science Norris argues Warfare is therefore legitimized by powerful discourses that art s own arsenal of styles and genres has limited power to counter Art s difficulty in representing the violent death of entire generations or populations has been particularly acute Choosing works that have become representative of their historically violent moment Norris explores not only their aesthetic strategies and perspectives but also the nature of the power they wield and the ethical engagements they enable or impede She begins by mapping the altered ethical terrain of modern technological warfare with its increasing targeting of civilian populations for destruction She then proceeds historically with chapters on the trench poetry and modernist poetry of World War I Hemingway s A Farewell to Arms and Erich Maria Remarque s All Quiet on the Western Front both the book and the film of Schindler s List the conflicting historical stories of the Manhattan Project a comparison of American and Japanese accounts of Hiroshima Francis Ford Coppola s film Apocalypse Now and the effects of press censorship in the Persian Gulf War By looking at the whole span of the century s writing on war Norris provides a fascinating critique of art s ethical power and limitations along with its participation in as well as protest against the suffering that human beings have brought upon themselves Great American Writers Robert Baird Shuman,2002 Highlights the lives and works of more than ninety American and Canadian writers of fiction drama nonfiction poetry and song lyrics *Circular* West Virginia University.
