History A-Level (ZIMSEC) Past Exam Questions and Model Answers David Chitate ,2024-06-06 This book contains the most comprehensive question bank and model answers for ZIMSEC A Level History exam questions It also includes syllabus review notes and exercises History subject Examiners provide observations and tips and point out common errors that students make when answering questions If you use this book faithfully it will be almost impossible for you to fail Use this book and earn yourself a Grade A in History **Zimbabwe** Brian Raftopoulos,Tyrone Savage,2004 The author is from the Institute of Development Studies at the University of Zimbabwe He examines the paradox ensuing from the Lancaster House Settlement at Zimbabwe s independence that whilst colonial rule was ended the framework was provided for continued white privilege on the basis of control of the economy by this elite and through them transnational capital He analyses the responses of the ruling including official elite the black petty bourgeoisie and the group associated with the former Rhodesian Front **Labour and Economic Change in Southern Africa c.1900-2000** Rory Pilossof,Andrew Cohen,2021-06-03 This book explores the social and economic development of Zimbabwe Zambia and Malawi over the course of the twentieth century These three countries have long shared and interconnected pasts All three were drawn into the British Empire at a similar time and the formation of the ill fated Federation of Rhodesia and Nyasaland formally linked these countries together for a decade in the mid twentieth century This formal political relationship created dynamics that resulted in yet closer economic and social links After Federation the economic realities of industry transport and labour supplies meant that these three countries continued to be intricately interconnected Yet despite these connected pasts comparative work on the economic histories of Malawi Zambia and Zimbabwe and how these change over time is rare This book addresses the gap by providing the first comprehensive collection of labour and census data across the twentieth century for these three countries The different economic models and performances of these states offer good comparison allowing researchers to look at different models of development and how these played out over the long term The book provides data on population growth and change industrial and occupational structure and the various shifts in what the economically active population did It will be useful for historians economists development studies scholars and non governmental organisations working on twentieth century and contemporary southern Africa *KCSE Revision History and Government Paper 2, Second Edition* A. Omato Maranga,2001 *The Adaptation of History* Laurence Raw,Defne Ersin Tutan,2012-11-26 This collection of essays asks the question What is history and considers how history is shaped in different socioeconomic contexts The writers take a transdisciplinary approach in the belief that everyone who deals with history including professional historians novelists and poets constructs narratives of the past to make sense of the present as well as to determine their future courses of action With contributions from a variety of specialists in media studies literature history and anthropology this book breaks new ground in adaptation studies **Zimbabwe National Bibliography** ,1990 *Economics for the*

Wilds Edward B. Barbier, Timothy M. Swanson, 2019-09-18 Originally published in 1992 *Economics for the Wilds* argues that an economics that properly values the resources of the wilds offers the best long term security for their future Most of the world's wilds have in fact always been utilized by local societies who have managed their resources sustainably and one important guarantee for their preservation is therefore the continued participation of those communities and an adequate reward to them for their management The book looks at the complexity and global nature of the issues at the application of economics to the wilds and at the policies for their conservation and sustainable management which then result It also examines specific forms of utilization of wild species and habitats both sustainable and unsustainable and including community based development tourism the use of rainforest products poaching and the impact of conservation on wildlife use The book concludes that a comprehensive utilization strategy for wild resources is needed to ensure their continued existence and the continued flow of benefits from them *Historical Abstracts*, 1990

Ghana's Foreign Policy Charles Asante, 2024-08-19 *Ghana's Foreign Policy* Kwame Nkrumah's Normative Legacy and Pan Africanism examines Ghana's foreign policy in the post independence era focusing on the enduring legacy of Kwame Nkrumah This book also analyzes the complexity of post independence foreign policy decision making and the influence of the post colonial narrative during the Cold War In this study Charles Asante argues that the significance and continuity of Nkrumah's legacy is often attributed to his pan Africanist leadership on the African continent fervently articulating an independent African foreign policy Leaders like Nkrumah considered themselves as the redeemers of Africa's political and economic vulnerability from its colonial experiences Asante finds that in contrast to the positive experience associated with his independence movement for Ghana Nkrumah could not build the same kind of vision engagement and networks among other African nationalist leaders necessary for successful promotion of a Pan African region Despite Nkrumah's own foreign policy failures in the Congo the United States of Africa project and his sudden overthrow in 1966 Nkrumah's Pan African vision is still promoted as an important foreign policy objective by Ghana's politicians public servants military and academics
