Hospital Angel Jess Levins, 2022-08-23 Doctor Angel Carpenter is a doctor but is he an Angel
Angel is the former leader of the gang called the Angels He is deeply religious and tries to do the right thing but the right
thing is not always legal Some claim he is an actual angel since his terminal cancer patients refuse to die while others feel he
should be behind bars Angel developed a holistic method to increase the cure rate for a cancer drug that could save millions

of lives but he is arrested as a serial killer since his fingerprints are on the murder weapon He keeps telling people he is not an angel but the crowd surrounding the hospital and his apartment does not believe him An anti religious organization wants him dead and this organization may be more difficult to treat than the cancer affecting his patients They initially offered a million euros for his death and then increased it to five million Assassins converge on Miami for an easy kill and a huge reward They failed to realize one of the female cancer survivors is a member of a mafia family She is indebted to Angel and she pays her debts
