*The Leader in Me* Stephen R. Covey, 2012-12-11 Children in today's world are inundated with information about who to be, what to do, and how to live. But what if there was a way to teach children how to manage priorities, focus on goals, and be a positive influence on the world around them? *The Leader in Me* is that programme. It's based on a hugely successful initiative carried out at the A B Combs Elementary School in North Carolina. To hear the parents of A B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught *The 7 Habits of Highly Effective People* to a pilot group of students. The parents reported an incredible change in their children who blossomed under the programme. By the end of the following year, the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits that have already changed the lives of millions of people and shows how children can use them as they develop. Those habits begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw. These are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well. *Student Self-Assessment*
