**Collected Stories** Clare Boylan, 2002-09-26 Celebrating twenty years of rare accomplishment, *The Collected Stories* introduces American readers to a luminous and unforgettable writer of short fiction. The Irish writer Clare Boylan has been publishing compelling and captivating work for over twenty years. Though she is the author of six critically acclaimed novels, she remains one of the most original and exciting short story writers of our time. Like Alistair MacLeod, Alice Munro, and her compatriot William Trevor, her stories are universal. Hers is an imagination that is able, magically and marvelously, to transform everyday experience into something quite unexpected. As perceptive as Colette, as darkly witty as Dorothy Parker, she waves a flag for the dispossessed and the marginalized and gleefully pulls love from behind its romantic facade. She makes the reader laugh out loud while at the same time compelling an uncomfortable self-examination. Plumbing the inner workings of marriage, aging, family dynamics, and the cost of love, her richly sardonic humor and acutely merciless observations may seem gentle but look again for they are edged with razors.

**True Philadelphia Stories** Garret Godwin, 2005-05 These stories and essays for the most part take place in the city of Philadelphia. Taken together, they paint the portrait of a young scholar trying to find his way in the big city. From the halls of academe through his transition into the real world, the stories chart his progress, his love life, his triumphs, and his failures as he tries to find within himself who he is and where he belongs on this planet. Just because most of the characters are still in their twenties doesn't mean the stories should be labeled coming-of-age stories. Most of the stories have no moral, and there are more questions than answers to be garnered from most of them. Finally, not all the stories are uplifting, but at least they are honest and may offer some insight into this perplexing world of which we are all a part.

**Last Stories and Other Stories** William T. Vollmann, 2014-07-10 Supernaturally tinged stories from William T. Vollmann, author of the National Book Award winner *Europe Central*. In this magnificent new work of fiction, his first in nine years, celebrated author William T. Vollmann offers a collection of ghost stories linked by themes of love, death, and the erotic. A Bohemian farmer's dead wife returns to him and their love endures, but at a gruesome price. A geisha prolongs her life by turning into a cherry tree. A journalist haunted by the half-forgotten killing of a Bosnian couple watches their story and his own wartime tragedy slip away from him. A dying American romances the ghost of his high school sweetheart while a homeless salaryman in Tokyo animates paper cutouts of ancient heroes. Are ghosts, memories, fantasies, or monsters? Is there life in death? Vollmann has always operated in the shadowy borderland between categories, and these eerie tales, however far flung their settings, all focus on the attempts of the living to avoid control or even seduce death. Vollmann's stories will transport readers to a fantastical world where love and lust make anything possible.
