**User's Guide to the Meade LXD55 and LXD75 Telescopes** Martin Peston,2010-04-28 I have owned telescopes for over 25 years since I was a young lad I purchased an LXD55 AR 6 Refractor in 2002 and was one of the first to own one in the UK I am also a proud owner of an LXD75 SC 8 Armed with these two very different telescopes I have spent many hours searching the skies for interesting objects using Meade s Autostar Goto facility My motivation to write a book about the LXD Goto telescope series first came from comments about an LXD55 AR 6 Refractor review that was published on the LXD55 com website From then on I have had regular emails from people asking technical questions about the telescope and which model is best suited for them Whilst attending Star parties in the UK I found that many LXD owners would struggle to use them even at a basic level especially if they have never owned or used an equatorially mounted Goto telescope before Since the first LXD55 models came out in early 2002 owners have struggled to find useful information to help them use the telescopes to the best advantage There have been mixed reactions about its quality and performance Hence this book is directed towards those who are new to Goto and the LXD telescope **Air Force Manual** United States. **Technical Manual** United States. War Department,1945 **Criminal Anthroposcenes** Anita Lam,Matthew Tegelberg,2020-06-09 This book compares and contrasts traditional crime scenes with scenes of climate crisis to offer a more expansive definition of crime which includes environmental harm The authors reconsider what crime scenes have always included and might come to include in the age of the Anthropocene a new geological era where humans have made enough significant alterations to the global environment to warrant a fundamental rethinking of human nonhuman relations In each of the chapters the authors reframe enduringly popular Arctic scenes such as iceberg hunting cruising and polar bear watching as specific criminal anthroposcenes By reading climate scenes in this way the authors aim to productively deploy the representation of crime to make these scenes more engaging to policymakers and ordinary viewers Criminal

Anthroposcenes brings together insights from criminology climate change communication and tourism studies in order to study the production and consumption of media representations of Arctic climate change in the hope of mobilizing more urgent public and policy responses to climate change      **Field Manuals** United States.
