

The book cover features a collage of images related to materials science and engineering. At the top left, a stylized white crescent moon is set against a dark, textured background. Below this, a horizontal strip contains three distinct images: a molecular model with blue spheres and connecting lines on the left; a close-up of a hexagonal lattice structure in the center; and a series of concentric, curved lines resembling a cross-section of a material or a microscopic view on the right. The bottom section of the cover is divided into two parts: the left part shows a dark, angular, geometric structure, and the right part shows a series of curved, parallel lines. The title is prominently displayed in the center, and the authors' names are at the bottom left.
