There's a Hidden Side to Everything

Principles of economics—the study of the production, consumption, and transfer of wealth—apply to almost any topic that has a cause and effect, from why people cheat to how parents impact their children's success. *Freakonomics* examines how people react to incentives, how information empowers people, and how distant causes affect events.

Distant Causes with Dramatic Effects

Causes and effects can be more nuanced and distant than people suspect.

Causation vs. Correlation

Occurrences are often connected but share no clear cause and effect.

Errors of Conventional Wisdom

Although more comforting and convenient to believe, conventional wisdom is often untrue.

Understanding Incentives

Every decision people make is

Advantage of Expert Information
