## What guide dogs do

Guide dogs help people who are blind or visually impaired move around safely, and often transform their lives. They are usually allowed anywhere that the public can go, even where other dogs aren't allowed. In order to help their owner, guide dogs must know how to:

- keep a steady pace
- stop at all kerbs
- recognise and avoid obstacles
- stop at the bottom and top of stairs
- lie quietly when their owner is sitting down

M. Cohen, 2024-08-26 Many children are afraid of dogs. The fear can range from mild to debilitating. The fear of dogs is also known as cynophobia and is often misunderstood. It does not usually get better without some intervention. When a child has a strong fear of dogs, it is important to address this fear as soon as possible. If your child is afraid of dogs, you know firsthand how much this fear can interfere with social and emotional development and everyday activities. They avoid sleepovers and play dates where a dog is in residence. They often refuse to go to a park in case they might encounter a dog. Some children will even endanger themselves by running into the street to avoid a dog. Facing the fear of dogs is ultimately easier than living with the fear. There is much to gain when children are able to overcome their fears. They develop self-confidence, self-esteem, and feel empowered. Children who face their fears learn coping skills and self-control, two of the biggest predictors of success later in life. In addition, they learn to speak up and ask for help. Based on decades of experience as a licensed psychotherapist, parenting coach, and mother of a child who was afraid of dogs, I developed an expertise in helping people of all ages overcome their fear of dogs. *How to Face My Fear of Dogs* provides a kid-friendly vehicle for kids to explore their fear of dogs and to find ways to feel safer with them. This book can be used on its own but is designed to be a companion to my previous book *Overcoming Your Child's Fear of Dogs: A Step by Step Guide for Parents*. The book includes colorful and easy-to-understand informational graphics as well as many interactive opportunities for kids to personalize their bravery journey. Used together, these books replicate what I might do if I was working with you and your child directly. This guide can be used by children of all ages. Parental support is recommended up to Grade 3. The activities and information in the book will help your child recognize and understand more about how they became afraid of dogs. Identify and understand the emotional and physical feelings that accompany their fear of dogs. Use coping mechanisms for their anxiety such as mindfulness and breathing exercises. Learn different ways to face the fear of dogs and feel brave and empowered. Learn about dogs and some important ways to stay safe with them. My ultimate goal is to enable children to feel comfortable around dogs so their lives aren't disrupted by their fear. This activity guide provides an easy and fun way to begin the journey of feeling safe with dogs.
