Twentieth-century Italian Literature in English Translation Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction poetry plays screenplays librettos journals and diaries and correspondence The Modern Inquisition Paul Collins, 2002-07-08 The Inquisition ceased burning and torturing heretics in the 18th century A milder punishment awaits the dissidents today principally excommunication or banishment from official teaching positions Paul Collins has discovered through his own experience and extensive research that the impact of the Vatican's investigations through the Congregation for the Doctrine of the Faith can be quite profound Collins is the controversial Australian Catholic priest recently investigated by the Vatican for alleged heresy He served the Church for 33 years and is generally esteemed for his dry wit and his ability to make his vocation accessible a trait many appreciated in an increasingly secular world The Vatican however views Collins's less than reverential views as heretical and has been investigating him since 1997 when Collins book *Papal Power* was singled out for supposed doctrinal problems The Modern Inquisition compiled over the four years that the mysterious and secretive CDF deliberated on Collins work brings together the stories of others who have also been pursued condemned or vilified by the CDF Here are seven fascinating accounts of how the modern Inquisition operates what it is like to be accused by anonymous informers investigated in secret and tried at arms length with no recourse to appeal

Illustrated Editions of Children's Books Carnegie Library of Pittsburgh, 1923 **Female Embodiment and Subjectivity in the Modernist Novel** Renée Dickinson, 2012-08-21 This study considers the work of two experimental British women modernists writing in the tumultuous interwar period Virginia Woolf and Olive Moore by examining four crucial incarnations of female embodiment and subjectivity female bodies geographical imagery national ideology and textual experimentation Dickinson proposes that the ways Mrs Dalloway and *The Waves* by Virginia Woolf and *Spleen and Fugue* by Olive Moore reflect expose and criticize physical geographical and national bodies in the narrative and form of their texts reveal the authors attempts to try on new forms and experiment with new possibilities of female embodiment and subjectivity *Early Modern German Shakespeare: Hamlet and Romeo and Juliet* Lukas Erne, Kareen Seidler, 2020-03-19 This book is a translation of German versions of both *Hamlet* and *Romeo and Juliet* The introductions to each play place these versions of Shakespeare's plays in the German context and offer insights into what we can learn about the original texts from these translations English itinerant players toured in northern continental Europe from the 1580s Their repertoires initially consisted of plays from the London theatre but over time the players learnt German and German players joined the companies as a result of which the dramatic texts were adapted and translated into German A number of German plays now extant have a direct connection to Shakespeare Four of them are so close in plot character constellation and at times even language to their English originals that they can legitimately be considered versions of Shakespeare's plays This volume offers fully edited

translations of two such texts *Der Bestrafte Brudermord* Fratricide Punished Hamlet and *Romio und Julieta* Romeo and Juliet With full scholarly apparatus these texts are of seminal interest to all scholars of Shakespeare's texts and their transmission over time in print translation and performance Emulation on the Shakespearean Stage Vernon Guy Dickson, 2017-03-02

The English Renaissance has long been considered a period with a particular focus on imitation however much related scholarship has misunderstood or simply marginalized the significance of emulative practices and theories in the period This work uses the interactions of a range of English Renaissance plays with ancient and Renaissance rhetorics to analyze the conflicted uses of emulation in the period including the theory and praxis of rhetorical imitatio humanist notions of exemplarity and the stage's purported ability to move spectators to emulate depicted characters This book emphasizes the need to see emulation not as a solely or even primarily literary practice but rather as a significant aspect of Renaissance culture giving insight into notions of self society and the epistemologies of the period and informed by the period's own sense of theory and history Among the individual texts examined here are Shakespeare's *Titus Andronicus* and *Hamlet* Jonson's *Catiline* and Massinger's *The Roman Actor* with its strong relation to Jonson's *Sejanus* Geoffrey of Monmouth and the Translation of Female Kingship F. Tolhurst, 2013-02-12

Geoffrey of Monmouth and the Translation of Female Kingship provides the first feminist analysis of the part of The History of the Kings of Britain that most readers overlook the reigns before and after Arthur's **The American Short-horn Herd Book** Lewis Falley Allen, William T. Bailey, 1909 **A European Version of Victorian Fiction** Allan Conrad Christensen, 2023-04-12

In this first systematic assessment of Ruffini's literary achievement the seven novels that are apparently so different from each other emerge as an aesthetically coherent and individualized contribution to the mid Victorian fictional canon Composed in English by an Italian exile resident in Paris they describe interactions among men and women of many nationalities and trace interesting European journeys and pilgrimages during the early days of mass tourism While thus documenting such phenomena as expanding rail networks holiday resorts and health spas the novels dramatize more importantly the inadequacy of narrowly local and intolerant perspectives The protagonists must gain a broadly cosmopolitan vision and sense of mutuality as they pursue the common quest for self integration and for a purpose in life A patriotic commitment like that which had engaged Ruffini in his youthful Mazzinian phase cannot now offer that purpose and the narratives convey strong scepticism about other ideals such as romantic love too More positively the stories contain many dedicated physicians who practice a holistic medicine and who thereby substitute for the often sinister priests of a corrupt religious establishment Ministering to the humanity that Ruffini typically portrays as sick or wounded and tormented by misanthropy and guilt they are the chief mitigators of the bleakness of the modern condition The American Shorthorn Herd Book, 1909
