Newman,2022-08-11 In the Fourteenth Edition of Sociology Exploring the Architecture of Everyday Life David Newman shows students how to see the unfamiliar in the familiar to step back and see organization and predictability in their take for granted personal experiences With his approachable writing style and lively anecdotes the author s goal from the first edition has been the same to write a textbook that reads like a real book Many adopters of this book are fans of Peter Berger s classic works which helped introduce the idea of social constructionism to sociology Newman uses the metaphors of architecture and construction to help students understand that society is not something that exists out there independently of themselves it is a human creation that is planned maintained or altered by individuals Using vivid prose current examples and fresh data this text presents a unique and thought provoking overview of how society is constructed and experienced Instead of surveying every subfield in sociology the more streamlined coverage 14 chapters focuses on the individual and society the construction of self and society and social inequality in the context of social structures This title is accompanied by a complete teaching and learning package in SAGE Vantage an intuitive learning platform that integrates quality SAGE textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability Unparalleled in its ease of use and built for dynamic teaching and learning Vantage offers customizable LMS integration and best in class support *The Problem with Education Technology (Hint: It's Not the Technology)* Ben Fink,Robin Brown,2016-02-01 Education is in crisis at least so we hear And at the center of this crisis is technology New technologies like computer based classroom instruction online K 12 schools MOOCs massive open online courses and automated essay scoring may be our last great hope or the greatest threat we have ever faced In *The Problem with Education Technology* Ben Fink and Robin Brown look behind the hype to explain the problems and potential of these technologies Focusing on the case of automated essay scoring they explain the technology how it works and what it does and doesn t do They explain its origins its evolution both in the classroom and in our culture and the controversy that surrounds it Most significantly they expose the real problem the complicity of teachers and curriculum builders in creating an education system so mechanical that machines can in fact often replace humans and how teachers students and other citizens can work together to solve it Offering a new perspective on the change that educators can hope organize and lobby for *The Problem with Education Technology* challenges teachers and activists on our side even as it provides new evidence to counter the profit making labor saving logics that drive the current push for technology in the classroom *A Parents' Guide to Grading and Reporting* Matt Townsley,Chad Lang,2023-09-15 Whether resulting from the educational fallout of the COVID 19 global pandemic or merely challenging the status quo more

schools are transitioning their grading practices away from traditional points and percentages and toward 21st century grading practices such as standards based and proficiency based grading A Parents Guide to Grading and Reporting Being Clear about What Matters assists parents and guardians in understanding what is involved in 21st century grading and how to become better partners with educators in efforts to understand students strengths and areas for improvement **The Educator's Guide to Texas School Law** Jim Walsh, Frank Kemerer, Laurie Maniotis, 2014-09-15 Much has changed in the area of school law since the first edition of The Educator's Guide was published in 1986 Successive editions grew incrementally longer to keep abreast of legal developments In this new eighth edition the authors have streamlined the discussion by pruning older material and weaving in new developments The result is an authoritative source on all major dimensions of Texas school law that is both well integrated and easy to read Intended for Texas school personnel school board members interested attorneys and taxpayers the eighth edition explains what the law is and what the implications are for effective school operations It is designed to help professional educators avoid expensive and time consuming lawsuits by taking effective preventive action It is an especially valuable resource for school law courses and staff development sessions The eighth edition begins with a review of the legal structure of the Texas school system As Chapter 1 notes education law is a complex interweaving of state and federal constitutional statutory administrative and judicial law It is important to understand the nature of the system before reading other sections Successive chapters address attendance and the instructional program the education of children with special needs employment and personnel expression and associational rights the role of religion in public schools student discipline open meetings and records privacy search and seizure and legal liability under both federal and Texas law In addition to state law the book addresses the role of the federal government in school operation through such major federal legislation as the Americans with Disabilities Act the Individuals with Disabilities Education Act and the Family Educational Rights and Privacy Act Statute and case references are kept as simple as possible and a complete index of case citations is included for those readers who wish to consult the cases themselves The appendices describe how case law is reported and where to find it along with a glossary of legal terms and a listing of other sources on Texas school law **Between Mission and Market** Daniel Rosenberg, 2017-04-26 Between Mission and Market The Freshman Year in a Corporate Age focuses on the arrival of college freshmen at the moment of the transformation it uses Adelphi University in suburban New York City to study an attempt to resolve first year difficulties As higher education institutions turn into enterprises run on business models the pressures of getting into college including the taking of the SAT and ACT have induced stress addictions eating disorders drug use and mental problems However special programs to ease the first year transition through counseling and support are run as cheaply as possible This book confronts some of the cardinal controversies in higher education particularly those affecting first year students high stakes testing in general particularly the SAT the intensification of student debt and the financial sentence imposed upon all who incur it and the

dramatic pressures placed upon freshmen as they transition to college **Race on Campus** Julie J. Park, 2020-08-05 2020 Critics Choice Book Award American Educational Studies Association AESA In *Race on Campus* Julie J Park argues that there are surprisingly pervasive and stubborn myths about diversity on college and university campuses and that these myths obscure the notable significance and admirable effects that diversity has had on campus life Based on her analysis of extensive research and data about contemporary students and campuses Park counters these myths and explores their problematic origins Among the major myths that she addresses are charges of pervasive self segregation arguments that affirmative action in college admissions has run its course and become counterproductive related arguments that Asian Americans are poorly served by affirmative action policies and suggestions that programs and policies meant to promote diversity have failed to address class based disadvantages In the course of responding to these myths Park presents a far more positive and nuanced portrait of diversity and its place on American college campuses At a time when diversity has become a central theme and goal of colleges and universities throughout the United States *Race on Campus* offers a contemporary research based exploration of racial dynamics on today s college campuses Diagnostic and Therapeutic Procedures in Gastroenterology Subbaramiah Sridhar, George Y.
