

TC card for the Model FR-2 **Model 8347**

Owner's manual

The Model 8347 is the TC card for the FR-2 field memory recorder. By installing this TC card to the FR-2, you can record external (SMPTE) time code or time code generated by the internal TC generator. In addition, by jamming the internal TC generator to external time code, you can record audio signals to the FR-2 while maintaining synchronization between the FR-2 and a VTR. This feature makes the FR-2 ideal for newsgathering applications.

This manual describes details about time code recording/playback functions which are available when installing the TC card to the FR-2. Read this manual together with the main manual and keep it for future reference.

<Notes on installing the Model 8347>

The Model 8347 should be installed into the FR-2 at a Fostex service station. Do not try to install the card by yourself. Ask your local Fostex dealer for the installation after purchasing the Model 8347.
