Gross, 2013-06-07

Introduction to the Counseling Profession is a comprehensive overview of the history and foundational concepts of counseling, offering the most current and relevant breadth of coverage available. Students will gain insight into the myriad issues that surround not only the process of counseling and its many populations but also the personal dynamics that have an impact on this process. The contributed author format provides state-of-the-art information from experts in their respective fields while maintaining a consistent structure and message. This edition has been brought in line with the 2009 Council for the Accreditation of Counseling and Related Educational Programs (CACREP) standards and includes chapters on each of the CACREP specializations. Topics rarely treated in other introductory texts are addressed, such as research and writing in counseling, technology and counseling, and self-care and growth. This edition includes new pedagogical features such as sidebars and more case studies to expand on key topics, as well as new chapters on Cross-Cultural Counseling, Self-Care, and Self-Growth. Individual Counseling, Diagnosis, and Treatment Planning, Addictions Counseling, Student Affairs, and College Counseling. A collection of supplemental resources are available online to benefit both instructors and students. Instructors will find PowerPoint slides and test banks to aid in conducting their courses, and students can access chapter summaries, exercises, and other tools to supplement their review of the material in the text. These materials can be accessed at <http://www.routledge/mentalhealth.com/cw/Capuzzi>. **Online Counselor Education** Carl J. Sheperis, R. J. Davis, 2015-12-01

Online Counselor Education: A Guide for Students is an all-new guide for online students in counselor education programs. Students in online environments face a number of challenges that could put them at a disadvantage unless they have a resource to help guide them through some of the confusing aspects of an online environment. Such challenges include the lack of understanding surrounding graduate school performance expectations, balancing graduate school and life, the inability to connect with community members and local field agencies, and various other aspects unique to an online environment. This text from Carl J. Sheperis and R. J. Davis will help students through these challenges and act as an invaluable resource.

experience this book provides practical techniques and tools to prepare librarians to publish successfully This book is neither

a research methodology nor a craft of writing book. Instead, its sole goal is to help librarians and other information science professionals start writing, identify an outlet for publication, and publish successfully. It dispels the myths surrounding scholarly writing by providing practical tools and advice to help soon-to-be authors get started on the publication journey now. This book will guide aspiring authors step by step through the writing and publication process, from nurturing an idea to fruition all the way to enjoying a successful publication. Along the way, readers will learn how to identify the best publication type and venue, gather the needed information to make a convincing argument, and skillfully manage even the most complex project. Topics range from cerebral, such as how to maintain motivation through a project, to technical, such as common grammar and vocabulary errors, but all are designed to be practical and of immediate use to a writer. Whether a graduate student at the beginning of your career in the field of information sciences, a newly minted librarian fresh out of graduate school, a library administrator at the peak of your career, or somewhere in between, publishing can keep you engaged in the issues facing the profession and enhance your career and professional success. Readers will be inspired and ready to contribute to library scholarship and start building their own successful scholarly habit.
