Edition Darrell Puls, 2020-06-10 Jesus warned of wolves carefully disguised as shepherds coming into local churches as pastors. It is the perfect disguise for a predator to access and devour the flock, one lamb at a time while proclaiming himself as their protector and guardian. The result is spiritual devastation, broken congregations, and even destroyed churches. Darrell Puls attests from experience that the enemy has infiltrated the North American church through pastors with dangerously high levels of narcissism. These pastors hide under layers of the sacred, but it is always an illusion of smoke and mirrors. Puls has experienced this reality from the inside as a staff pastor under a narcissist and from the outside as a church consultant. He carefully unpacks toxic narcissism in everyday terms and lets the victims tell their own stories. *Let Us Prey* Revised Edition is as real as it gets.

In this book, you will learn how to identify a narcissist and understand more about the behaviors that they exhibit. Inside, you'll learn what is a narcissist and how they think. The different kinds of narcissism. Relationships and narcissism. How to know if you're in a toxic relationship. How to recover from narcissistic abuse and begin your journey to a better life. Rebuilding your confidence and self-esteem. And so much more. The book begins by exploring the nature of narcissism, delving into its origins and characteristics to provide readers with a foundational understanding of this complex personality trait. The Life of I Anne Manne, 2015-08-03 Far from being the work of a madman Anders Breivik's murderous rampage in Norway was the action of an extreme narcissist As the dead lay around him he held up a finger asking for a Band Aid Written with the pace of a psychological thriller The Life of I is a compelling account of the rise of narcissism in individuals and society Manne examines the Lance Armstrong doping scandal and the alarming rise of sexual assaults in sport and the military as well as the vengeful killings of Elliot Rodger in California She looks at narcissism in the pursuit of fame and our obsession with making it She goes beyond the usual suspects of social media and celebrity culture to the deeper root of the issue how a new narcissistic character type is being fuelled by a cult of the self and the pursuit of wealth in a hypercompetitive consumer society The Life of I also offers insights from the latest work in psychology looking at how narcissism develops But Manne also shows that there is an alternative how to transcend narcissism to be fully alive to the presence of others how to create a world where love and care are no longer turned inward
