PAPER 1 SUMMARY WRITING

LESSON

2

There are four steps to writing a great summary. You will be writing a summary about an article on chess.

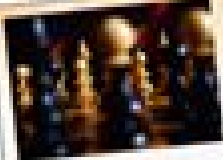

Step one: Examine the question carefully

Before you look at the extract, you first need to be completely clear about what you need to focus on. Read the question carefully.

Question: Write a summary of this text focusing on the origins and rise in worldwide popularity of chess throughout history and the reasons for its continuing popularity today as reflected in the passage.

The question will ask you to focus on two different points, one of all number three points 1 and 2.

Then look at the key words in the question. Think of any examples for those words and write them down. This will help you to write your summary.

IGCSE First Language English CIE 0500

What will the question look like?

For each text, you will have one summary question which you should answer in continuous writing and write in your own words. You should be able to write about 100-120 words. You should spend no more than 20 minutes on each question.

Summary: This means writing a paragraph (also two notes or bullet points).

3

Self reflection

Place the summary back to its owner and make sure that you have your answer on hand at all times.

You should now have any (SWO) errors highlighted, repeated phrases, underlined and notes for each point. Read through your answer to make sure that you understand the markings.

Look closely at the mark scheme - which level do you think that you match for reading and writing?

Give yourself a score for reading (1-5) and a score for writing (1-5).
