Monitor Comprehension

When students monitor their comprehension, they keep track of how well they understand the material and identify when their understanding breaks down. Related activities include asking questions, underlining important ideas, and paraphrasing what they have read.

Reproduce the Monitor Comprehension visual aid and distribute it to students. Then introduce the strategy to students. Say: When you monitor your comprehension, you pay attention to how well you understand what you are reading. Then read the instructions at the top of the passage, the title, and the first paragraph of the passage aloud to students. Next, model the strategy: When I read the title, I thought about lots of things that could be under the waves. I wondered which one the passage was going to be about. When I read the first sentence, I found out that the passage was about submarines. I stopped after I read the rest of the first paragraph and asked myself what I remembered. I monitored my comprehension. Have students read the first paragraph, and then ask them to remember. Repeat this process for the remaining paragraphs, reminding them to monitor their comprehension. Direct students to complete the first activity.

WEEK 6
DAY 1

READ THE PASSAGE Stop at the end of each paragraph. What do you remember?

Under the Waves

Have you ever wondered how it feels to ride in a submarine? This kind of boat can go under the water. The captain makes it go left or right. He makes it go up and down. Some submarines can dive down to the bottom of the sea.

There are many kinds of submarines. Some are very big. Others are small. Some have tall windows for people to look through.

People who ride in submarines can see many beautiful things. They see bright coral with colors like jelly beans. They see tiny, shiny fish swimming around the coral. They see great sea animals like whales. They see sharks and eels.

It is safe inside the submarine. There is enough air for the people to breathe. The air is not too warm or too cold. The people inside have food to eat. Those who go on long trips even have places to sleep!

Submarines help us to learn about the wonders of the sea. They show us parts of the sea that other boats cannot.

STRATEGY PRACTICE Tell a partner three things you remember about submarines.

SKILL PRACTICE Read the question. Fill in the bubble next to the correct answer.

1. What does the title tell you about submarines?

3. Which one tells that coral is pretty?

☐ A It lives in the sea.

☐ B It grows in the ocean.
