seem to occur in only one direction of time by the apparent logic of the universe human consciousness should experience time both backwards and forwards Though past and present organize our lives like unarguable fact the physicists who study time are much less certain Linear time is an illusion explains Rasheedah Phillips a construct even science contests It is based more on Western history and systems of social order than on nature or the variety of human existence Both indigenous African conceptions of time and quantum physics recognize how the past present and future act upon and modify each other Afrodiasporic identity is itself a time traveling phenomenon in which the past is always present Phillips unfurls time s legacy of racial oppression from maritime navigation for colonial expansion and the timekeeping methods of plantation overseers to the establishment of Greenwich Mean Time and the Western Scramble for Africa time has been a homogenizing project of the last few centuries Phillips unsettles dominant assumptions of space and time highlighting how Black communities have long subverted these through alternative temporal frameworks

This Is Your Mother Erika J. Simpson,2025-05-06 A beautiful story about an extraordinary mother s gift of love and hope Jeannette Walls 1 New York Times bestselling author of The Glass Castle From a writer who s absolutely going places Roxane Gay a remarkable inventive debut memoir about a mother daughter relationship across cycles of poverty separation and illness exploring how we forge identity in the face of imminent loss When Erika Simpson was growing up her mother loomed large almost biblical in her life A daughter of sharecroppers middle child of ten her origin story served as a Genesis Her departure from home and a cheating husband pursuing higher education along the way a kind of Exodus Her

rules for survival often repeated like the Ten Commandments guided Erika's own journey into adulthood. And the most important rule. Throughout her life, Sallie Carol preached the power of a testimony which often proved useful in talking her way out of a bind with bill collectors. But where does a mother's story end and a daughter's begin? In this brave, illuminating memoir, Erika offers a joint recollection of their lives as they navigate the realities of destitution, often left undiscussed. Her mother's uncanny ability to endure Job-like trials and manifest New Testament style miracles made her seem invincible. But while our parents may start out as gods in our lives, through her mother's final months and fifth battle with cancer, Erika captures the moment you realize they are just people. This gorgeously rendered story of a mother's life through her daughter's eyes weaves together a dual timeline, pulling inspiration from both scripture and pop culture as Erika moves through grief to a place of clarity where she can see who she is without her mom and because of her.
