*Netbooks: The Missing Manual* J.D. Biersdorfer, 2009-08-20

Netbooks are the hot new thing in PCs: small, inexpensive laptops designed for web browsing, email and working with web-based programs. But chances are you don't know how to choose a netbook, let alone use one. Not to worry: with this *Missing Manual*, you'll learn which netbook is right for you and how to set it up and use it for everything from spreadsheets for work to hobbies like gaming and photo sharing. *Netbooks: The Missing Manual* provides easy-to-follow instructions and lots of advice to help you learn the basics for using a Windows or Linux-based netbook. Connect speakers, printers, keyboards, external hard drives and other hardware. Get online using a wireless network, a public network, broadband cards or dial-up. Write email, browse the Web, transfer bookmarks and add tools to your web browser. Use business tools like Google Docs and Office for Netbooks. Collaborate with others online via instant messaging. Edit and share photos, play games, listen to music and watch TV and movies online. You'll also learn about web-based backup and storage, staying secure online, especially when using wireless networks, and tips for troubleshooting. Netbooks point to the future of computing, and *Netbooks: The Missing Manual* will show you how to get there.

*The Ridiculously Simple Guide to Using Google for Business* Scott La Counte, 2019-09-01

Google has changed the way businesses do work. If you are considering switching to using Google Apps and Chromebooks at your office, then this book will be your crash course. **Google Apps: The Missing Manual** Nancy Conner, 2008-05-27

Among its many amazing applications, Google now has web-based alternatives to many of the applications in Microsoft Office. This comprehensive and easy-to-follow new book enables you to explore Google's new office applications in detail. Once you do, you'll be in good company: more than 100,000 small businesses and some corporations are already looking to take advantage of these free Google offerings. Google Apps. *The Missing Manual* teaches you how to use three relatively new applications from Google: Docs and Spreadsheets, which provide many of the same core tools that you find in Word and Excel, and Google Calendar and Gmail, the applications that offer an alternative to Outlook. This book demonstrates how these applications

together can ease your ability to collaborate with others and allow you access to your documents mail and appointments from any computer at any location Of course as remarkable as these applications are Google s office suite is definitely a work in progress Navigating what you can and can t do and more importantly understanding how to do it isn t always easy And good luck finding enough help online Google Apps The Missing Manual is the one book you need to get the most out of this increasingly useful part of the Google empire This book Explains how to create save and share each of Google s web based office applications Offers separate sections for Docs and Spreadsheets Google Calendar and Gmail Demonstrates how to use these applications in conjunction with one another Gives you crystal clear and jargon free explanations that will satisfy users of all technical levels Many of you already use Gmail but do you know its full potential Do you know how you can increase its power by using Gmail with Doc and Spreadsheets and Google Calendar You ll find out with Google Apps The Missing Manual You ll also come to understand why large corporations such as General Electric and Proctor Gamble are taking a long hard look at these applications
