The Seven Principles for Making Marriage Work John Gottman, Ph.D., 2002-02-04

Just as Masters and Johnson were pioneers in the study of human sexuality, so Dr. John Gottman has revolutionized the study of marriage. As a professor of psychology at the University of Washington and the founder and director of the Seattle Marital and Family Institute, he has studied the habits of married couples in unprecedented detail over the course of many years. His findings and his heavily attended workshops have already turned around thousands of faltering marriages. This book is the culmination of his life's work: the seven principles that guide couples on the path toward a harmonious and long-lasting relationship. Straightforward in their approach yet profound in their effect, these principles teach partners new and startling strategies for making their marriage work. Gottman helps couples focus on each other, on paying attention to the small day-to-day moments that strung together make up the heart and soul of any relationship. Being thoughtful about ordinary matters provides spouses with a solid foundation for resolving conflict when it does occur and finding strategies for living with those issues that cannot be resolved. Packed with questionnaires and exercises whose effectiveness has been proven in Dr. Gottman's workshops, *The Seven Principles for Making Marriage Work* is the definitive guide for anyone who wants their relationship to attain its highest potential.

The Seven Principles for Making Marriage Work is the result of Dr. John Gottman's many years of closely observing thousands of marriages. This kind of longitudinal research has never been done before. Based on his findings, he has culled seven principles essential to the success of any marriage: Maintain a love map, Foster fondness and admiration, Turn toward instead of away, Accept influence, Solve solvable conflicts, Cope with conflicts you can't resolve, Create shared meaning. Dr. Gottman's unique questionnaires and exercises will guide couples on the road to revitalizing their marriage or making a strong one even better.

A Woman's Guide to the Male Mind Sam Geraldo, 2011-01-14

A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005: *How Do You Tell If a Guy Fancies You?* The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site www.seducemen.co.uk. Since then, most of the advice I've given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists, and biochemists on topics ranging from basic sexual

attraction to personality type and male female communications strategies Its my belief therefore that A Womans Guide to the Male Mind features the best of two worlds common sense opinions backed by solid empirical evidence By helping ladies understand the male point of view with regard to sex dating and relationships I hope to eliminate the senseless conflicts that so often erupt between lovers and would be lovers Once you understand a few fundamentals about the male mind and male behaviour you will stop thinking of men as inscrutable blockheads and primitive misfits You will no longer regard them as you would a small nasty child or an alien race Arming yourself with the wisdom in this book youll increase your odds of finding happiness and harmony in romantic relationships and you will help ensure that this bliss lasts a lifetime By the time a man reaches maturity he has passed through four evolutionary stages in his attitude toward women and relationships Its very important to understand and identify these four stages because it will save you from wasting time on guys who arent ready for serious romance

The Seven-Day Love Prescription John Schwartz Gottman,Julie Schwartz Gottman,2022-10-27 How can you revive and renew your relationship in just seven days For the past fifty years Drs John and Julie Gottman have been studying love This book distils their work into an accessible bite size seven day action plan for deeper intimacy Taking you through their most foundational findings the Gottmans will help you build a love that lasts in just seven days Through small immediately actionable daily steps they will help you to shift your relationship for the better providing trusted antidotes to common issues from loneliness and emotional and physical disconnection to drifting apart and losing that loving feeling These will teach you how to Connect and check in with each other Ask each other big open ended questions Show appreciation and gratitude by saying thank you Give your partner a genuine compliment Communicate what you need Create moments of physical connection Declare a date night No matter who you are or what kind of relationship you want to strengthen The Seven Day Love Prescription is guaranteed to provide you with the practical tools to transform any relationship in your life for the better The Gottmans prove that small frequent changes over just seven days can strengthen the foundations of all relationships allow them to flourish and create big long lasting change over time
