Decolonising Imperial Heroes Max Jones, Berny Sèbe, Bertrand Taithe, Peter Yeandle, 2017-10-02 The heroes of the British and French empires stood at the vanguard of the vibrant cultures of imperialism that emerged in Europe in the second half of the nineteenth century Their stories are well known Scholars have tended to assume that figures such as Livingstone and Gordon or Marchand and Brazza vanished rapidly at the end of empire Yet imperial heroes did not disappear after 1945 as British and French flags were lowered around the world On the contrary their reputations underwent a variety of metamorphoses in both the former metropolises and the former colonies This book develops a framework to understand the complex legacies of decolonisation both political and cultural through the case study of imperial heroes We demonstrate that the decolonisation of imperial heroes was a much more complex and protracted process than the political retreat from empire and that it is still an ongoing phenomenon even half a century after the world has ceased to be painted in red Whilst *Decolonising Imperial Heroes* explores the appeal of the explorers humanitarians and missionaries whose stories could be

told without reference to violence against colonized peoples it also analyses the persistence of imperial heroes as sites of political dispute in the former metropolises Demonstrating that the work of remembrance was increasingly carried out by diverse fragmented groups of non state actors in a process we call the privatisation of heroes the book reveals the surprising rejuvenation of imperial heroes in former colonies both in nation building narratives and as heritage sites This book was originally published as a special issue of the Journal of Imperial and Commonwealth History Characters in Film and Other Media Jens Eder,2025-07-29 Characters are central to the creation and experience of films and other media Their cultural significance is profound but they also raise a wide range of questions This book provides a comprehensive theory that guides the analysis and interpretation of characters across four dimensions as represented beings with physical psychological and social characteristics as artefacts with aesthetic structures as meaningful symbols and as symptoms of socio cultural origins and effects Integrating insights from film media and literary studies as well as philosophy psychology and sociology the book offers a broad range of approaches for understanding characters and the emotional responses they evoke Richly illustrated and offering practical tools along with case studies of numerous characters from different genres of films this book will be invaluable to scholars and students of film and media studies and related disciplines as well as artistic practitioners

Celluloid Indians Jacquelyn Kilpatrick,1999-01-01 An overview of Indian representation in Hollywood films The author notes the change in tone for the better when as a result of McCarthyism filmmakers found themselves among the oppressed By an Irish Cherokee writer **The Land of My Birth** Abraham Nnadi,2016-02-29 Mboha as a people desired change to escape the drudgery that characterised their village lifestyle The Land of My Birth followed how Ozurumba and his family pursued their dream of modernity Acquiring basic education and migrating to the cities gave them the opportunity to channel and hasten civilisation to their rural community New technologies made available to the rural folks were readily assimilated Each experience reaffirmed their growing belief that science and technology held a better promise In the face of worsening unemployment a growing number of city dwellers did whatever they could to survive or devised the quickest means of amassing wealth Moneymaking by all means and at all cost became an obsession for those who wanted whatever was in vogue cars houses chieftaincy titles etc The ever recurrent conflicts in different parts of the country remained a difficult challenge It led to a civil war in which millions of lives and properties were lost Memory of the hunger that tortured their people and the gruesome kwashiorkor it afflicted on them continued to traumatise them Unfortunately the killings that led to the war continued making them wonder if the end to their misery was still far from sight Tracking King Kong Cynthia Marie Erb,2009 Studies the cultural impact and audience reception of King Kong from the 1933 release of the original film until today **The Philosophy of TV Noir** Steven Sanders,Aeon J. Skoble,2008-01-01 Film noir reflects the fatalistic themes and visual style of hard boiled novelists and many migr filmmakers in 1940s and 1950s America emphasizing crime alienation and moral ambiguity In The Philosophy of TV Noir Steven M Sanders and Aeon J Skoble argue that the legacy of

film noir classics such as *The Maltese Falcon*, *Kiss Me Deadly* and *The Big Sleep* is also found in episodic television from the mid 1950s to the present. In this first of its kind collection contributors from philosophy, film studies and literature raise fundamental questions about the human predicament giving this unique volume its moral resonance and demonstrating why television noir deserves our attention. The introduction traces the development of TV noir and provides an overview and evaluation of the book's thirteen essays each of which discusses an exemplary TV noir series. Realism, relativism and integrity are discussed in essays on *Dragnet*, *Naked City*, *The Fugitive* and *Secret Agent*. Existentialist themes of authenticity, nihilism and the search for life's meaning are addressed in essays on *Miami Vice*, *The Sopranos*, *Carnivale* and *24*. The methods of crime scene investigation in *The X-Files* and *CSI* are examined followed by an exploration of autonomy, selfhood and interpretation in *The Prisoner*, *Twin Peaks*, *The X-Files* and *Millennium*. With this focus on the philosophical dimensions of crime, espionage and science fiction series *The Philosophy of TV Noir* draws out the full implications of film noir and establishes TV noir as an art form in its own right.
