Teaching IFRS Richard M.S. Wilson,Ralph W. Adler,2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

The Economies of the Balkan and Eastern Europe Countries in the Changed World Anastasios G. Karasavoglou,2011-01-18 The rapid changes in the economic and political climate of the Balkan and the Black Sea countries demand continuous adjustments in the mixture of the implemented economic policy in the area Under this framework there is a special interest to investigate the impact of the global economic reality in these economies the importance of their integration in the European Union as well as the foundation of various regional organizations that host many countries of the specific area Taking into consideration the current developments within the European Union the economic crisis that strikes the peripheral EU countries and the dispute over the credibility of the euro currency economists need to enhance the effectiveness of regional development to underline the value of FDI and entrepreneurship of the countries of the Balkan and the Black Sea to assist the bank sector in order to support the level of productivity to control the financial flows with the help of auditing structures and to exploit human recourses in order to achieve economical reforms in these countries The current volume approaches among others the above matters and aspires to contribute to the further investigation of the possibilities and the perspectives of the economies of the region *Wiley International Trends in Financial Reporting under IFRS* Abbas A. Mirza,Nandakumar Ankarath,2012-10-05 Wiley International Financial Reporting Trends provides copious examples of footnote disclosures and financial statement formats carefully culled from the world s leading international companies Global 500 that are already compliant with IFRS and report under IFRS standards promulgated by the International Accounting Standards Board the IASB Arranged topically this book is a quick source of reference to find answers to issues of interest to financial statement preparers It provides hundreds of illustrations taken from financial statements prepared under IFRS by global conglomerates thereby helping preparers and users of financial statements to expeditiously obtain examples of

footnote disclosures and financial statements presented under these Standards which are popularly referred to as principles based standards as opposed to rules based standards Additionally Wiley International Financial Reporting Trends contains comparisons of IFRS to US GAAP Indian GAAP and Chinese GAAP making it a truly global reference resource **Handbook**

of Research on Internationalization of Entrepreneurial Innovation in the Global Economy Carvalho, Luisa Cagica,2015-03-31 Globalization demands the creation of new business approaches to achieve high levels of competitiveness Cultural differences factor into policies as companies expand their businesses in different countries and seek to collaborate with international entrepreneurs The Handbook of Research on Internationalization of Entrepreneurial Innovation in the Global Economy brings together research on international business entrepreneurship and innovation in order to present a comprehensive publication for business professionals This volume is an essential reference source for practitioners academicians researchers and upper level students interested in learning about internationalization and innovation in a global market International Trade in Services Olivier Cattaneo,Michael Engman,Sebasti n S ez,Robert M.

Stern,2010-06-24 The services sector is key to economic growth competitiveness and poverty alleviation Comprising more than two thirds of the world economy services are now commonly traded across borders helped by technological progress and the increased mobility of persons In recent years a number of developing countries have looked at trade in services as a means to both respond to domestic supply shortages and to diversify and boost exports Any country can tap into the trade potential of services but not every country can become a services hub across sectors The opening of the services sector potentially comes with large benefits but also fears and costs that should not be overlooked This book provides useful guidelines for the assessment of a country s trade potential and a roadmap for successful opening and export promotion in select services sectors It looks at both the effects of increased imports and exports and provides concrete examples of developing country approaches that have either succeeded or failed to maximize the benefits and minimize the risks of opening It focuses on sectors that have been rarely analyzed through the trade lens and or have a fast growing trade potential for developing countries These sectors are accounting construction distribution engineering environmental health information technology and legal services This book is designed for non trade specialists to understand how trade can help improve access to key services in developing countries and for trade specialists to understand the specific characteristics of each individual sector It will be a useful tool for governments to design successful trade opening or promotion strategies and for the private sector and consumers to advocate sound domestic policy reforms accompanying an offensive trade agenda

This means all finance managers and financial controllers will be responsible not only for understanding IFRS but for making the transition and dealing with implications. Managing the Transition to IFRS Based Financial Reporting is a one stop resource for navigating this major change. Case studies and project management advice help move smoothly from GAAP to IFRS principles and requirements. Managing the Transition to IFRS Based Financial Reporting is the only book on the market that focuses on both the accounting and non accounting implications of IFRS transition. This complete approach will guide you from the history and conceptual basis of IFRS through each stage of the transition process ensuring expert change management and fluid communication from start to finish. Takes a holistic approach covering non accounting implications like educating and communicating IFRS requirements. Provides case studies to illustrate best practices for moving to the new international standards. Provides a framework for planning and executing the entire IFRS transition project. With nearly two decades of financial training experience author Lisa Weaver is imminently qualified to deliver clear concise and understandable content. In addition the reference material and other resources in Managing the Transition to IFRS Based Financial Reporting will help you simplify the transition and take advantage of all the benefits IFRS reporting confers.
