**Audio-visual Resources Guide** National Council of the Churches of Christ in the United States of America. Division of Christian Education. Department of Audio-Visual and Radio Education,1960      *Why Write Poetry?* Jeannine Johnson,2007

Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry s value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry s worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry s cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University      *Feasting on the Word: Year C, Volume 1*

Bartlett,Barbara Brown Taylor,2009-07-29 With this new lectionary commentary series Westminster John Knox offers the most extensive resource for preaching on the market today When complete the twelve volumes of the series will cover all the Sundays in the three year lectionary cycle along with movable occasions such as Christmas Day Epiphany Holy Week and All Saints Day For each lectionary text preachers will find four brief essays one each on the theological pastoral exegetical and homiletical challenges of the text This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion The editors and contributors to this series are world class scholars pastors and writers representing a variety of denominations and traditions And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary each volume will contain an index of biblical passages so that nonlectionary preachers as well as teachers and students may make use of its contents      *The Sunday-school Times* ,1887      **105 Esoteric Traditions of the World, Book V: Prophecy and Extinction: Hopi Prophecy, Kalachakra Apocalypse, Bon Collapse, Confucian Ritual, Taoist, Hesychasts, African Spirit Midwives, Sacred Clowns, Amazonian Curanderos, Kabbalistic Ordination** Laing Z. Matthews,2025-09-20 Some traditions burn like beacons drawing seekers from across centuries Others flicker unseen buried under exile ridicule or fear Prophecy and Extinction enters the shadowed threshold where those two destinies meet where a lineage carries visions of the future even as its present fades into silence This fifth volume of the seven part Esoteric Traditions of the World series gathers fifteen endangered or prophetic spiritual systems from across continents and centuries Some stand on the edge of disappearance their keepers aging their initiations unpassed their sacred

geographies vanishing under flood or fire Others endure in fragments encoded in symbols dreams or half remembered rites Each bears a warning not only for its own survival but for the fate of the human spirit itself From the prayer caves of Athonite Hesychasts to the calabash rattles of African spirit midwives from the lightning born laughter of the sacred clowns to the guarded plumeros of Amazonian curanderos from the Alef crowns of Kabbalistic ordination lines to the triple sheltered flames of Zoroastrian fire temples from the drowned chants of Samoan ocean priests to the rose and circle cosmologies of vanishing Sufi orders these are not quaint anthropological remnants They are living technologies honed to align breath body and cosmos Each chapter follows a fivefold lens Core Teaching the distilled essence of the path Spiritual Condition the present state of the lineage and the world it inhabits Inner Technology the precise practices that carry its fire Symbol the object or image that embodies its soul Key Danger the forces that distort commodify or erase it The tone is initiatory not touristic the intention is not preservation alone but transmission Sources are honored history is traced but intuition and living presence guide the telling These are not academic case studies they are encounters with living mysteries presented so the reader might not only understand them but feel their gravity At the heart of Prophecy and Extinction lies a paradox traditions that foresaw their own diminishment may yet seed their return Prophetic warnings speak of silences that will one day break of flames that will rekindle in unexpected hands Some chapters end with a closed door others leave it ajar In a time when spiritual attention is scattered and novelty devours depth this book stands as both ark and beacon It remembers those who carried the fire when no one else would and asks the reader a quiet unsettling question What will you do with what is left

*A Dictionary of Christ and the Gospels* James Hastings, 2004-10 The purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher's dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852-1922 was a distinguished scholar and

pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church     **Lutheran Evangelist** ,1904     *Atlanta Magazine* ,2003-09 Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region     **Outlook** Alfred Emanuel Smith,Francis Walton,1877     *The Club Candle* ,1954
