Cambridge English Empower Upper Intermediate Student's Book Adrian Doff, Craig Thaine, Herbert Puchta, Jeff Stranks, Peter Lewis-Jones, 2015-02-12 Cambridge English Empower is a general adult course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. The Upper Intermediate Student's Book gives learners an immediate sense of purpose and clear learning objectives. It provides core grammar and vocabulary input alongside a mix of skills. Speaking lessons offer a unique combination of functional language, pronunciation and conversation skills alongside video filmed in the real world. Each unit ends with a consolidation of core language from the unit and focuses on writing within the context of a highly communicative mixed skills lesson. This version of the Student's Book does not provide access to the video assessment package and online workbook. A version with full online access is available separately.

Life Writing and Space Eveline Kilian, Hope Wolf, 2017-05-15 How does our ability, desire or failure to locate ourselves within space and with respect to certain places effect the construction and narration of our identities? Approaching recordings and interpretations of selves, memories and experiences through the lens of theories of space and place, this book brings the recent spatial turn in the Humanities to bear upon the work of life writing. It shows how concepts of subjectivity draw on spatial ideas and metaphors and how the grounding and uprooting of the self is understood in terms of place. The different chapters investigate ways in which selves are reimagined through relocation and the traversing of spaces and texts. Many are concerned with the politics of space: how racial, social and sexual topographies are navigated in life writing. Some examine how focusing on space rather than time impacts upon autobiographical form. The book blends sustained theoretical reflections with textual analyses and also includes experimental contributions that explore interdependencies between spaces and selves by combining criticism with autobiography. Together they testify that life writing can hardly be thought of without its connection to space.
