Lengrenage Meacutemoires Dun Trader:

L'engrenage Jérôme Kerviel, 2010 En janvier 2008 l'affaire Kerviel du nom du trader de la Société Générale a stabilisé le monde de la finance française et la planète financière. À la veille de son procès le principal protagoniste de cette affaire accusé d'avoir fait perdre 4,9 milliards d'euros sa banque donne sa propre version des événements en décriant les pratiques au sein du système des banques.

How To Be a Rogue Trader John Gapper, 2011-12-01 A compelling topical eBook on the motives and patterns of rogue traders and the investment banking system that hosts them by John Gapper of the Financial Times Nick Leeson at Barings Jérôme Kerviel at Société Générale John Rusnak at Allied Irish Banks And now the thirty one year old Kweku Adoboli a director on a derivatives desk who allegedly ran up 2,3 billion in losses at UBS These are the rogue traders who have brought banks to their knees and global financial systems to a halt Each time the banks declare themselves to be innocent victims of a fraud But why do traders keep on committing apparently senseless crimes with little benefit apart from higher bonuses and an enormous risk of ending up in prison And why do banks which should have learned the tricks of the traders keep being deceived In this short eBook the Financial Times associate editor John Gapper unlocks the mystery by delving into the evolutionary risk taking instincts of both humans and animals from yellow eyed junco sparrows in Arizona to honeybees He reveals how banks encourage their traders to evade risk limits and shows how the rogue traders merely mimic the strategies used by their firms to seem more profitable than they really are A rogue trader is often an outsider who starts in a lowly role and secretly gambles with a bank's money in a bid to become a star Gapper traces patterns of behaviour and personality that could be used to catch them before disaster strikes But do the banks really want to And are the rogue traders just the symptoms of a financial system gone rogue
