Memo Of Geography 2015 June

Joel Kotkin

Memo Of Geography 2015 June:

The Drone Memos Jameel Jaffer, 2010-01-12 A trenchant summation and analysis of the legal rationales behind the US drone policy of targeted killing of suspected terrorists including US citizens Publishers Weekly starred review In the long response to 9 11 the US government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones A remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the United States has historically condemned In *The Drone Memos* civil rights lawyer Jameel Jaffer presents and assesses the legal memos and policy documents that enabled the Obama administration to put this program into action In a lucid and provocative introduction Jaffer who led the ACLU legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law He connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security A careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary Katrina vanden Heuvel editor and publisher of *The Nation*

Western Balkan Economies in Transition Reiner Osbild, Will Bartlett, 2018-08-23 This book explores the economic and social development of the Western Balkan region a group of six countries that are potential candidates for EU membership It focuses on the key economic issues facing these countries including the challenge of promoting economic growth limiting public deficits and debt and fostering international trade relations Given the severe impact of the recent economic crisis on social welfare in the region it also investigates the nature and extent of social exclusion a factor likely to produce future political instabilities if not effectively addressed by a return to sustainable economic growth The contributions explore these issues in light of the major influence of EU policy instruments and advice which are currently guiding the economies along an accession trajectory to future EU membership

Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in *Our Social World* Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects

Extending the Ground of Public Confidence Janie Hubbard, 2019-09-01 In these times and for future generations students must learn how to analyze constantly changing issues decipher media as truth or fake news and contest highly competitive biased informational sources Students must develop knowledge skills and attitudes necessary for leveraging their capacity as active citizens charged with holding institutions accountable for truthfully addressing and protecting civil

liberties Extending the Ground of Public Confidence Teaching Civil Liberties in K 16 Social Studies Education is a book grounded in current scholarship and seeks to address the need for a practical user friendly resource for teaching civil liberties in K 12 social studies and teacher education This book brings together chapter length discussions about various issues introduced first from historic perspectives and then compared and described in modern terms Such topics include though are not limited to disputes surrounding freedom of speech and religion power issues defending property rights debates on security of persons and privacy free exercise of assembly and expression and the endless debate about who can and cannot vote in U S elections Each chapter contains teaching ready inquiry based learning activities framed by the National Council for the Social Studies NCSS College Career and Civic Life C3 Inquiry Arc 2013 Students 1 develop questions and plan investigations 2 apply disciplinary concepts and tools 3 gather evaluate and use evidence and 4 work collaboratively to communicate conclusions and take informed action Lesson ideas engage learners across age groups and grade levels in learning that fosters informed sustainable actions aimed at upholding and protecting civil liberties

Understanding Popular Culture and World Politics in the Digital Age Laura J. Shepherd, Caitlin

Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone Understanding Popular Culture and World Politics in the Digital Age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies *Nigerian Yearbook of International Law 2018/2019* Chile Eboe-Osuji, Engobo Emeseh, Olabisi D. Akinkugbe, 2021-08-06 The contributions to this volume focus on a diverse array of topics in international law with scholarly interventions from experts in the field both in academia and the judiciary as well as case commentary on a recent decision of the International Court of Justice Chagos Decision The theoretical and methodological breadth of the issues covered are relevant to audiences beyond the Nigerian and African intellectual space In

particular this volume includes analysis on critical intellectual property law questions intersections of national regional and international law and technology the African Continental Free Trade Area Agreement and maritime law The authoritative views of the experts on the different issues covered in this volume make excellent contributions to their relevant fields

Charting a Course: Strategic Choices for a New Administration Richard D. Hooker (Jr.), 2016 Excerpt from *Charting a Course Strategic Choices for a New Administration* The new administration takes office in a time of great complexity Our new President faces a national security environment shaped by strong currents globalization the proliferation of new poor and weak states as well as nonstate actors an enduring landscape of violent extremist organizations slow economic growth the rise of China and a revanchist Russia a collapsing Middle East and a domestic politics wracked by division and mistrust While in absolute terms the Nation and the world are safer than in the last century today the United States finds itself almost on a permanent war footing engaged in military operations around the world No formal document describes a grand strategy for the United States and indeed many academics deny that one exists Yet a close look at our history as a world power suggests that core interests and how we secure them have remained generally consistent over time If grand strategy rises above particular strategies intended to secure particular objectives many decades of focusing on nuclear deterrence power projection alliances and partnerships and military and economic strength probably constitute the underpinnings of a coherent grand strategy How we employ and leverage these instruments of national power to protect defend and advance the national interest is after all the essence of grand strategy In a dangerous world these pillars have provided a strong foundation for national security If our domestic politics can achieve consensus on future threats and solutions America is well positioned to lead and prosper in a world that will remain both dangerous and uncertain R D Hooker Jr Director Institute for National Strategic Studies National Defense University Washington D C Related items Policy Analysis in National Security Affairs New Methods for a New Era can be found here <https://bookstore.gpo.gov/products/sku/008/020/01561/0>

Russia's Foreign Policy Andrei P. Tsygankov,2022-07-11 Now fully updated and revised this clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow s foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also highlights the role of the external environment in affecting the balance of power among competing domestic groups Drawing on both Russian and Western sources Tsygankov shows how Moscow s policies have shifted under different leaders visions of Russia s national interests He gives an overview of the ideas and pressures that motivated Russian foreign policy in six different periods the Gorbachev era of the late 1980s the liberal Westernizers era under Kozyrev in the early 1990s the relatively hardline statist policy under Primakov the more pragmatic course of limited cooperation under Putin and then Medvedev and the assertive policy Putin has implemented since his return to power Evaluating the successes and failures of Russia s foreign policies Tsygankov explains its many turns as Russia s identity and interaction with the West have evolved The book concludes with reflections on the emergence of the post Western world and the challenges it presents to Russia s enduring quest for great power status

Urban Politics Myron A. Levine,Heywood T. Sanders,2025-03-31 Urban Politics brings together the classic and contemporary literature on urban politics and history with today s pressing urban issues This book s central theme is power going beyond the formal institutions and structures of city and suburban government to explain who defines the urban agenda and who benefits from local services and investments This book also presents a number of subthemes including the impact of globalization the dominant place of economic development concerns in the urban agenda and the continuing importance of race and poverty in big city and suburban politics It also places cities in the larger context of state and federal government politics and policies and discusses the impact of those policies Urban Politics seeks to engage students with photographs real world case studies and boxed material that employs films video television shows and popular music to illustrate how urban politics works Urban Politics has been updated and revised to reflect the complex circumstances of both urban success stories and the difficult realities of cities left behind and to add new material on concentrated poverty climate change and the impacts of the COVID 19 pandemic The 11th edition of Urban Politics is an ideal introductory text for students of urban suburban and regional politics and policy This book s coverage of contemporary issues urban bureaucracy policy analysis and intergovernmental

relations also makes it an effective textbook for classes in urban administration and planning Support material for this book can be found at www.routledge.com/9781032270654

The Coming of Neo-Feudalism Joel Kotkin, 2020-05-12 Following a remarkable epoch of greater dispersion of wealth and opportunity we are inexorably returning towards a more feudal era marked by greater concentration of wealth and property reduced upward mobility demographic stagnation and increased dogmatism If the last seventy years saw a massive expansion of the middle class not only in America but in much of the developed world today that class is declining and a new more hierarchical society is emerging The new class structure resembles that of Medieval times At the apex of the new order are two classes a reborn clerical elite the clerisy which dominates the upper part of the professional ranks universities media and culture and a new aristocracy led by tech oligarchs with unprecedented wealth and growing control of information These two classes correspond to the old French First and Second Estates Below these two classes lies what was once called the Third Estate This includes the yeomanry which is made up largely of small businesspeople minor property owners skilled workers and private sector oriented professionals Ascendant for much of modern history this class is in decline while those below them the new Serfs grow in numbers a vast expanding property less population The trends are mounting but we can still reverse them if people understand what is actually occurring and have the capability to oppose them

Drawing Futures Bob Sheil, Frédéric Migayrou, Luke Pearson, Laura Allen, 2016-11-11 Drawing Futures brings together international designers and artists for speculations in contemporary drawing for art and architecture Despite numerous developments in technological manufacture and computational design that provide new grounds for designers the act of drawing still plays a central role as a vehicle for speculation There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation Drawing Futures will present a compendium of projects writings and interviews that critically reassess the act of drawing and where its future may lie Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments The book coincides with an international conference of the same name taking place at The Bartlett School of Architecture UCL in November 2016 Bringing together practitioners from many creative fields the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas

Peer-to-peer Accommodation and Community Resilience Anna Farmaki, Dimitri Ioannides, Stella Kladou, 2022-03-16 The growth of peer to peer P2P accommodation has been remarkable However the rapid expansion of the phenomenon has yielded several concerns over its potentially negative economic social and environmental impacts These impacts are highlighted in policy agendas as an emerging problem encountered by many local communities in destinations experiencing a boom in P2P

accommodation Specifically concerns have been raised over the impact of the growth of P2P accommodation on local housing markets residents well being and the environment as a result of the touristification of residential areas In fact many observers accuse P2P accommodation of fuelling the overtourism problem that several destinations face This edited book addresses the need to examine the P2P accommodation phenomenon from a community resilience lens In particular through a collection of chapters presenting a range of empirical and conceptual perspectives from urban and rural communities the book considers the implications of P2P accommodation growth on the resilience of local communities and the sustainable development of places

The Texas Landscape Project David A. Todd,Jonathan Ogren,2016-06-14 The Texas Landscape Project explores conservation and ecology in Texas by presenting a highly visual and deeply researched view of the widespread changes that have affected the state as its population and economy have boomed and as Texans have worked ever harder to safeguard its bountiful but limited natural resources Covering the entire state from Pineywoods bottomlands and Panhandle playas to Hill Country springs and Big Bend canyons the project examines a host of familiar and not so familiar environmental issues A companion volume to The Texas Legacy Project this book tracks specific environmental changes that have occurred in Texas using more than 300 color maps expertly crafted by cartographer Jonathan Ogren and over 100 photographs that coalesce to fashion a broad portrait of the modern Texas landscape The rich data compiled by author David Todd are presented in clearly written yet marvelously detailed text that gives historical context and contemporary statistics for environmental trends connected to the land water air energy and built world of the second largest and second most populated state in the nation An engaging read for any environmentalist or conscientious citizen The Texas Landscape Project provides a true sense of the grand scope of the Lone Star State and the high stakes of protecting it To learn more about The Meadows Center for Water and the Environment sponsors of this book s series please click here

The Essence of Desperation Bryan Riddle,2018-01-05 Counterinsurgency is a doctrine premised on winning the population of a nation state over to the government s side Counterinsurgency is also associated with a continuing presence of military forces for long periods and significant aid expenditures As such it is a curious strategy to employ in the midst of wars seen as failing and when the population has turned against the conflict This book examines counterinsurgency s emergence in Vietnam Iraq and Afghanistan in order to understand how it is employed in the midst of these perceived war fighting failures In doing so it thinks of strategy as narrative that describes how actions will result in better future effects In so doing this book traces the ways in which the strategy making process overcomes fragmentation to produce consensus It concludes that through the examination of how actors analogies and narratives are produced and deployed into strategy debates the reasons for counterinsurgency s emergence in crisis periods can be determined This approach enables a better understanding of the dynamics of policy making and how geostrategic change occurs

Politics and Pan-Africanism Dawn Nagar,2019-12-12 Offering an examination of the diplomatic and economic regional power structures in Africa and their

relationships with each other Dawn Nagar discusses the potential and future of pan Africanism The three primary regional economic communities RECs that are recognised by the African Union as the key building blocks of a united Africa are examined these are the Common Market for Eastern and Southern Africa COMESA the East African Community EAC and the Southern African Development Community SADC These RECS include Africa s major economies Egypt South Africa and Kenya but are also home to Africa s most conflict prone and volatile states the Democratic Republic of the Congo DRC Burundi South Sudan Somalia and Lesotho Providing a detailed overview of the current relationship between these power blocs this book provides insight into the current state of diplomatic and economic relations within Africa and shows how far there is to go for a future of Pan Africanism

Who Needs Gay Bars? Greggor Mattson, 2023-05-30 Gay bars have been closing by the hundreds The story goes that increasing mainstream acceptance of LGBTQ people plus dating apps like Grindr and Tinder have rendered these spaces obsolete Beyond that rampant gentrification in big cities has pushed gay bars out of the neighborhoods they helped make hip Who Needs Gay Bars considers these narratives accepting that the answer for some might be maybe nobody And yet Jarred by the closing of his favorite local watering hole in Cleveland Ohio Greggor Mattson embarks on a journey across the country to paint a much more complex picture of the cultural significance of these spaces inside big four gay cities but also beyond them No longer the only places for their patrons to socialize openly Mattson finds in them instead a continuously evolving symbol a physical place for feeling and challenging the beating pulse of sexual progress From the historical archives of Seattle s Garden of Allah to the outpost bars in Texas Missouri or Florida that serve as community hubs for queer youth these are places of celebration where the next drag superstar from Alaska or Oklahoma may be discovered They are also fraught grounds for confronting the racial and gender politics within and without the LGBTQ community The question that frames this story is not asking whether these spaces are needed but for whom earnestly exploring the diversity of folks and purposes they serve today Loosely informed by the Damron Guide the so called Green Book of gay travel Mattson logged 10 000 miles on the road to all corners of the United States His destinations are sometimes thriving sometimes struggling but all offering intimate views of the wide range of gay experience in America POC white trans cis past present and future

Israeli Settlements Martin Blecher, 2018-10-15 Most research and analyses of Israel s settlement enterprise has focused on the usage of particular paragraphs in the Geneva Convention For over 50 years Israel has refuted the usage of the Geneva Convention with regards to its settlements Doing so the more relevant question arises on what laws governance and regulations is of importance in understanding Israelis behavior If one accepts the premise that Israel is occupying some areas and as an occupying force is forbidden to change laws from previous sovereign it becomes relevant as to what the laws are and how are they being followed The aim with this book is to go deeper to understand the rationale behind Israeli land policies This book is not necessarily a full rejection of the arguments that have been advocated by different scholars that seek to brand Israel s settlement enterprise as illegal nor is it to be understood as a

full acceptance of those arguments at hand Rather I want this book to show nuances in an infective question The idea is to give the reader an insight into the arguments made by Israel and its judiciary which has not been properly addressed nor researched about through earlier scholars By including stories about personalities such as Rabbi Menachem Froman Shabtay Bendet this book aims to fulfill its purpose of not politicizing the Israeli settlement enterprise through one particular understanding

The Rise and Rise of Illegal Ticket Touting Alessandro Moretti, 2023-02-10 This book presents an ethnographic study of contemporary ticket touts in the UK Despite the recent interest in the topic of black market ticket sales media coverage and parliamentary interventions over the last ten years have revealed a widespread lack of knowledge with regard to the phenomenon of touting and the players engaging in the practice The Rise and Rise of Illegal Ticket Touting sheds light on the world of touting and delivers an authentic picture of the individuals involved of their methods values and motivations for performing ticket touting as an organised entrepreneurial deviant activity The touts varied methods of buying and selling tickets the hierarchical structures and strict ethos of their criminal organisations and their specific modi operandi for evading detection and arrest both on the streets and online are focal points of the study Of equal importance are the touts attitudes perceptions and adaptations to or outright dismissal of society's legal and moral frameworks This book illuminates why historic and renewed attempts to challenge ticket touting have been unsuccessful focusing on inadequate legislation a lack of enforcement and the widespread corruption and exploitable loopholes that exist within the official primary ticket market An accessible and compelling read The Rise and Rise of Illegal Ticket Touting will appeal to students and scholars of criminology sociology social policy policing and all those with an interest in live music and sport and the hidden practices that lurk beneath the surface

This Engaging Realm of E-book Books: A Thorough Guide Unveiling the Pros of E-book Books: A Realm of Ease and Versatility Kindle books, with their inherent portability and ease of access, have liberated readers from the constraints of hardcopy books. Gone are the days of lugging cumbersome novels or meticulously searching for particular titles in bookstores. Kindle devices, sleek and lightweight, seamlessly store an extensive library of books, allowing readers to indulge in their favorite reads whenever, everywhere. Whether commuting on a bustling train, lounging on a sun-kissed beach, or simply cozying up in bed, E-book books provide an unparalleled level of convenience. A Reading World Unfolded: Discovering the Wide Array of E-book Memo Of Geography 2015 June Memo Of Geography 2015 June The Kindle Shop, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every readers preference and preference. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the Kindle Shop offers an unparalleled abundance of titles to explore. Whether seeking escape through engrossing tales of imagination and exploration, delving into the depths of historical narratives, or broadening ones knowledge with insightful works of science and philosophical, the Kindle Shop provides a doorway to a literary world brimming with limitless possibilities.
