**Using the Engineering Literature** Bonnie A. Osif,2016-04-19 With the encroachment of the Internet into nearly all aspects of work and life it seems as though information is everywhere However there is information and then there is correct appropriate and timely information While we might love being able to turn to Wikipedia for encyclopedia like information or search Google for the thousands of links

**Interface** Branden Hookway,2014-04-04 A cultural theory of the interface as a relation that is both ubiquitous and elusive drawing on disciplines from cultural theory to architecture In this book Branden Hookway considers the interface not as technology but as a form of relationship with technology The interface Hookway proposes is at once ubiquitous and hidden from view It is both the bottleneck through which our relationship to technology must pass and a productive encounter embedded within the use of technology It is a site of contestation between human and machine between the material and the social between the political and the technological that both defines and elides differences A virtuoso in multiple disciplines Hookway offers a theory of the interface that draws on cultural theory political theory philosophy art architecture new media and the history of science and technology He argues that the theoretical mechanism of the interface offers a powerful approach to questions of the human relationship to technology Hookway finds the origin of the term interface in nineteenth century fluid dynamics and traces its migration to thermodynamics information theory and cybernetics He discusses issues of subject formation agency power and control within contexts that include technology politics and the social role of games He considers the technological augmentation of humans and the human machine system discussing notions of embodied intelligence Hookway views the figure of the subject as both receiver and active producer in processes of subjectification The interface he argues stands in a relation both alien and intimate vertiginous and orienting to those who cross its threshold
