

Properly Installed Flex Duct

The air distribution network (ductwork) is like the arteries in the body that's connected to the heart. The Flex Ductwork is connected to the HVAC unit. If the ductwork (arteries) are not correct, then the heart (HVAC unit) will fail permanently.

Improperly Installed Flex Duct

This improperly installed Flex Ductwork is a heart attack waiting to happen. The HVAC unit will not last as long as it should and this type of Flex Duct install will increase energy consumption.

industry's leading builders, building scientists, and energy consultants. Much has been written about the technical details of building high performance homes, but what this book goes further and deals with is the why and the how, discussing topics such as holistic design, embodied carbon, the Four Principles of Modern Design, the 100-year home, and climate resiliency. Written in plain language and infused with humor and storytelling, this book is a must read for builders, renovators, architects, municipal officials, industry stakeholders, and home buyers. Anyone interested in the future of home building will find it helpful. It will help builders and their teams get to Net Zero in less time with far less cost and pain.
