to the legal literature of each state materials applicable to more than one topic listed under each topic repeated listings under each state and topic where they apply and author title publisher format and the latest known supplement for each citation Searching the Law The States is the companion text to Searching the Law Together the sets form one of the most comprehensive logical legal reference sources available Published under the Transnational Publishers imprint The print edition is available as a set of two volumes 9781571052872      **Style Manual (abridged)** United States. Government Printing Office,1939      **Florida Legal Research** Suzanne E. Rowe,Barbara J. Busharis,Lisa Kuhlman Tietig,1998 This book bridges the gap between typical legal research texts and the needs of beginning legal researchers for concise explanations of the sources they will use early in their careers A unique feature of this book is its emphasis on the sources a Florida attorney would use to do state and federal research Many research texts in contrast emphasize federal materials and include illustrations taken from a variety of federal and state jurisdictions The book is not however a bibliography of Florida sources Instead it combines an overview of essential primary and secondary sources with an introduction to research methods that will enable a novice researcher to move beyond the sources described in the text Moreover its emphasis on developing a research process and analyzing the results of legal research makes it appropriate even tot those who might not be practicing or working in Florida      Abridged Style Manual United States.
